Music An Appreciation Kamien:

Music: An Appreciation Roger Kamien, 2008 Through eight editions Roger Kamien's *Music: An Appreciation* has become the most widely used text for Music Appreciation and Introduction to Music Literature courses. The author has approached his new ninth edition with the goal of re-examining the scholarship and refreshing the repertoire while maintaining the strengths that have made the book number one: the clear presentation of musical elements, the vivid depiction of music history, the carefully chosen musical examples, the detailed and informative Listening Outlines, and the unsurpassed supplements package. His unique combination of artistic and teaching skills makes *Music: An Appreciation, Brief Edition* an invaluable tool for students wanting to learn more about music. This best-selling textbook introduces students to perceptive listening and provides an engaging introduction to musical elements, forms, and stylistic periods. It is organized chronologically, but individual sections can be addressed in any order for a variety of teaching approaches. Musical notation is included but is not required to understand the popular listening guides featured in the text, which focus students' attention on musical events as they unfold. The Online Learning Center for this text provides open access for all students to many activities and video instrument demonstrations in addition to quiz and study materials for each chapter.

Loose Leaf for Music: An Appreciation Roger Kamien, 2021-01-13 *Music: An Appreciation* welcomes nonmajors to the art of listening to great music. Roger Kamien continues to focus on coverage of the elements of music, fostering each student's unique path to listening and understanding. The 13th edition of *Music: An Appreciation* equips students with the language tools and listening skills required to sustain a lifelong enthusiasm for music. Typically, the first material that a Music Appreciation student encounters in the semester is about the elements of music. Often it is a student's first exposure to musical vocabulary and concepts. The new edition features four learning tools that supplement and expand on Roger Kamien's narrative on the elements. These include *Elements of Music*, *Interactives*, *Fundamentals of Music*, *Video Tutorials*, *Spotify Playlists*, and targeted guidance in *Listening Outlines* and *Vocal Listening Guides*. New recordings have been added to the new edition. All selections can be accessed in McGraw Hill Connect, or students can purchase an access card that allows them to download MP3 files of selections.
