The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. II Marcus Garvey,2023-09-01

This second volume of Robert A Hill s monumental ten volume survey of Marcus Mosiah Garvey s extraordinary mass movement of black social protest covers a period of rapid growth The Universal Negro Improvement Association with its Africa for the Africans program of racial nationalism rapidly gained in strength in the aftermath of Garvey s successful meeting in Carnegie Hall in August 1919 and culminated in its spectacular First International Convention of the Negro Peoples of the World in 1920 Hill has compiled a wealth of archival documents and original manuscripts with descriptive source notes and explanatory footnotes He provides a fascinating account of the spread of Garvey s movement which was seen and feared by officials in America Europe and colonial governments in Africa and the Caribbean as the major ideological force promoting radical consciousness among blacks Hill continues the comprehensive outline begun in Volume I of Garvey s Black Star Line the all black merchant marine and documents the beginnings of Garvey s proposals for massive loans to the Liberian government These controversial financial schemes led to Garvey s reputation as a swindler and Volume II details the first charges of fraud The federal investigation of Garvey broadened and deepened during 1919 1920 with J Edgar Hoover then an assistant to the attorney general continuing to search for grounds to deport Garvey Included here are numerous reports from government agents and informers which provide a valuable portrait of day to day UNIA operations Volume II ends with the UNIA s 1920 convention presented by Garvey as a turning point in the history of black white relations The legislation and the elective offices produced by that convention were intended to form a virtual government in exile for Africa fulfilling Garvey s ambition to practice statecraft and create the symbols of black nationhood and sovereignty This volume is the second of six that focus on America the seventh and eighth focus on Africa and the last two on the Caribbean Hill has brought together far more than a portrait of a single intriguing historical figure Garvey s movement was a mass social phenomenon an Afro American protest movement with strong links to African and Caribbean nationalism in the first decades of the twentieth century This second volume of Robert A Hill s monumental ten volume survey of Marcus Mosiah Garvey s extraordinary mass movement of black social protest covers a period of rapid growth The Universal Negro Improvement Association with its Africa for the Africa

Apologies for World War II Jane Yamazaki,2006-05-17 Post war Japan offers a compelling case study of national apologies for past wrongdoings Actions of the Japanese Army and government during the Second World War caused enormous suffering and distress throughout Asia leaving a legacy of resentment and distrust Beginning in the mid 1980s apology for wartime actions became a recurring issue for Japan Repeated calls for apology from various quarters as well as repeated apologies by Japanese officials provide a rich source for the study of national apology and how public apology discourse develops over time Unlike most rhetorical studies that focus on apologia in the broad sense this study concentrates on the strategy of the true apology The study combines rhetorical sociological and historical approaches to address multiple examples of Japanese apology during the period 1984 to 1995 The author suggests that motive is more complex than the image restoration theory that is prevalent in rhetorical theory More specifically this study emphasizes repair of relationships self reflection leading to a new improved identity and affirmation of moral principle as reasons for apology **Earle's**
