Le Pacte Des Loups:

Contemporary French cinema Guy Austin, 2021-06-15 Contemporary French cinema is an essential introduction to popular French film of the last 35 years. It charts recent developments in all genres of French cinema with analyses of over 120 movies from *Les Valseuses* to *Caché*. Reflecting the diversity of French film production since the New Wave, this clear and perceptive study includes chapters on the heritage film, the thriller, and the war movie alongside the *cinéma du look*, representations of sexuality, comedies, the work of women film makers, and *le jeune cinéma*. Each chapter introduces the public reception and critical debates surrounding a given genre, interwoven with detailed accounts of relevant films. Confirmed as a major contribution to both Film Studies and French Studies, this book is a fascinating volume for students and fans of French film alike.

Studying French Cinema Isabelle Vanderschelden, 2013-04-22 Taking a text-led approach with the emphasis on more recent popular films, *Studying French Cinema* is directed at non-specialists such as students of French Film Studies and the general reader with an interest in post-war French cinema. Each of the chapters focuses on one or more key films from the ground-breaking films of the *nouvelle vague* (*Les 400 coups* 1959) to contemporary documentary (*Être et avoir* 2002) and puts them into their relevant contexts. Depending on the individual film, these include explorations of childhood, adolescence, and coming of age (*Les 400 coups*), L'Argent de poche, auteur ideology, and individual style (the films of Jean-Luc Godard and Agnès Varda), the representation of recent French history (*Lacombe Lucien* and *Au revoir les enfants*), transnational production practices (*Le Pacte des loups*), and popular cinema, comedy, and gender issues (e.g. *Le Dîner de cons*). Each film is embedded in its cultural and political context. Together, the historical discussions provide an overview of post-war French history to the present. Useful suggestions are made as to studies of related films, both those discussed within the book and outside.

Past Forward Dayna Oscherwitz, 2010-09-15 In *Past Forward: French Cinema and the Post-Colonial Heritage*, author Dayna Oscherwitz focuses on the world of French films with a new lens. Drawing upon a wealth of research and the examination of popular French movies, Oscherwitz offers fresh perspectives not only on the unique importance of motion pictures and their indelible influence on French character, but on current debates regarding individual and collective memory. *Past Forward* traces the development and ascension of the French heritage film: those historical and costume dramas focusing on prestigious French subjects, events, and settings. These motion pictures preeminent during a period of globalization and fear over the effects of immigration in 1980s France quickly came to embody a specific version of French national and collective identity, one that idealized the past, condemned the present, and created an institutional form of memory. Oscherwitz presents the intriguing notion that French heritage films are not exclusively expressions of nationalism and nostalgia, as has commonly been asserted. On the contrary, although these movies were born out of a perceived loss of French culture, their ambivalence toward traditional hallmarks of nationalism opens them up to new interpretation. Also in contrast to typical conceptions, the author suggests that these heritage films are far from cinematic bastions of multicultural

backlash instead she argues popular culture has in its own fashion reinserted the history of colonialism and immigration into the national past thus reimagining heritage itself Against this backdrop Oscherwitz goes on to investigate the multicultural worlds of beur and banlieue movies cinema seemingly in direct contrast with the heritage film offering the theory that these films serve as a countermemory to an institutionalized one and provide alternative models of collective memory and identity Through careful analysis of several examples Oscherwitz demonstrates how these two seemingly different realms heritage and multicultural cinema are far from mutually exclusive in the construction of French identity Throughout the volume numerous well known French movies are reexamined inviting new interpretations of and challenging old views through investigations of familiar cinematic works Past Forward is a revolutionary volume that boldly reimagines our ideas about French film and its role in communicating history and memory
