Power Dynamics in African Forests Symphorien Ongolo, Max Krott, 2023-12-15 This book addresses historical perspectives and contemporary challenges of the politics of forestland governance and the related sustainability crisis in Africa It focusses on the power dynamics between key actors involved in the governance of forest related resources either for their exploitation or with regards to biodiversity conservation policies promoted at international arenas The book provides conceptual and empirical contributions on what happens when global sustainability agendas and the related policy instruments meet the realities of domestic politics in Africa It reveals that several actors in forest rich countries especially those with limited sovereignty have often employed complex informal strategies as the weapon of the weak to resist the domination of the most powerful actors of global environmental politics The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Handbook on the Geographies of Power Mat Coleman, John Agnew, 2018-07-27 The so called spatial turn in the social sciences means that many researchers have become much more interested in what can be called the spatialities of power or the ways in which power as a medium for achieving goals is related to where it takes place Most famous authors on the subject such as Machiavelli and Hobbes saw power as entirely equivalent to domination exercised by some over others Though this meaning is hardly redundant understandings of power have become more multidimensional and nuanced as a result of the spatial turn Much recent

writing in human geography for example has rigorously extended use of the term power beyond its typical understanding as a resource that pools up in some hands and some places to a medium of agency that has different effects depending on how it is deployed across space and how actors cooperate or not to give it effect To address this objective the book is organized thematically into four sections that cover the main areas in which much of the contemporary work on geographies of power is concentrated bodies economy environment and energy and war *Du pouvoir des médias* Mehdi K. Benslimane, 2024-10-31

Tout semble avoir été dit et crit sur le quatrième pouvoir comme sur le pouvoir des médias tantôt sous l'angle de leur influence tantôt sous celui de leurs effets réels ou supposés Il restait néanmoins mener une réflexion et une nouvelle lecture conceptuelle sur cette question selon un triptyque pyramidal soit trois concepts que nous relierons ici ensemble de manière originale la compétence journalistique l'indépendance et le leadership médiatique Grâce des exemples choisis dans de nombreux pays dont le Maroc ce livre court et accessible est pensé comme un texte différent et interdisciplinaire mi-chemin entre l'étude et l'essai sur cette problématique plus actuelle que jamais *Enjeux géopolitiques et coopération des territoires décentralisés* Abdellatif Jabrani, 2025-08-11

Enjeux géopolitiques et coopération des territoires décentralisés explorent avec rigueur et lucidité les coulisses d'une relation marquée par des logiques stratégiques politiques économiques voire militaires qui ont trop souvent relégué les aspirations des populations africaines au second plan travers une analyse critique des mécanismes de coopération entre le partenaire français et ses homologues ouest africains cet ouvrage interroge la pertinence d'un modèle interstatique qui sous couvert de proximité peine à répondre aux réalités du terrain Face à ce constat une question se impose comment repenser un partenariat Franco Ouest africain quitte à être capable de rompre avec les héritages déséquilibrés du passé L'auteur plaide pour une voie nouvelle celle d'une coopération éthique fondée sur la réciprocité l'intégration la justice et l'engagement humain Une invitation puissante reconstruire les liens entre territoires et peuples au service d'un avenir partagé Un appel repenser la solidarité internationale sincère audacieuse tournée vers l'essentiel PROPOS DE L'AUTEUR Docteur de droit public Abdellatif Jabrani est diplômé de l'Université Paris II Panthéon Assas Ex manager public dans le secteur des collectivités territoriales il est aujourd'hui enseignant universitaire formateur et consultant auprès d'institutions nationales et internationales Il écrit en arabe et en français sur le droit et le management des collectivités territoriales Son expertise conjugue réflexion académique et pratique de terrain *Autorité et gestion de l'intervention sociale* Michel Parazelli, Isabelle Ruelland, 2017-06-28

L'ouvrage consiste en un essai théorique sur les rapports d'autorité qui traversent les pratiques de gestion de l'intervention sociale au Québec Considérant les nombreuses transformations organisationnelles du système de la santé et des services sociaux sont analysés les effets psychosociologiques de ces rapports d'autorité sur le travail et les travailleurs eux-mêmes ainsi que sur les diverses façons de réguler l'autorité L'ouvrage se termine sur une proposition d'approche d'intervention inspirée des travaux théoriques et empiriques de la sociopsychanalyse de façon expérimenter une voie différente l'auto autorité plus démocratique *Dynamique des réseaux sociaux* Emmanuel Lazega, Lise Mounier, Tom
