Telle est la question que nous nous proposons d'étudier dans ce chapitre Au premier abord il semble que ce problème peut être résolu facilement car dès la plus haute antiquité les recherches des philosophes ont eu pour objet l'homme sa nature physique et intellectuelle on pourrait croire qu'ils sont arrivés à un résultat Eh bien suivant certains savants modernes il n'en est rien      **Secular Spirituality** Lynn L. Sharp,2006-01-01 *Secular Spirituality challenges the traditional dichotomy between Enlightenment reason and religion It follows French romantic socialists and spiritists search for a new spirituality based on reincarnation as a path to progress for individuals and society Leaders like Allan Kardec argued for social reform spiritist groups strove for equality and women mediums challenged gender roles Lynn L Sharp looks closely at what it meant to practice spiritism analysing the movement's social and political critique and explaining the popularity of the new belief She explores points of convergence and conflict in the interplay between spiritism and science spiritism and psychology and spiritism and the Catholic church to argue that the nineteenth century was not as disenchanted as has been thought Secular Spirituality successfully places spiritism within a larger cultural conversation going beyond the leaders of the movement to look at the way spiritism functioned for its followers*      *Le Spiritisme Devant la Science ...
