Workplace Mental Health Manual for Nurse Managers Lisa Y. Adams, 2014-07-17 This text provides a comprehensive overview if not thesis of the contributing factors to workplace stress and how to revisit them and our own mental health. How can nurses and health care workplaces expect to offer health and healing when such basic foundational human dynamics of mental health are not addressed? This work opens the door to both the dynamics and the deep dimensions of the root issues facing humanity and our places of work and play. Jean Watson PhD RN AHN BC FAAN From the Foreword This is a wonderful addition to leadership and management personnel and a good resource for any nurse. Too often nurses hide these issues and we need to make others aware of what can occur and take steps to bring these conditions out in the open. It is definitely a worthwhile addition to any nursing library. Weighted Numerical Score 100 5 Stars Doody's Book Reviews Today's health care landscape has brought many changes challenges and even turmoil to the workplace stressors that can threaten the mental health of even the most stalwart and resilient of nurses. Targeting the complex set of stressors found in health care work environments this unique practical resource describes the impact of bullying harassment addictions violence and other triggers and the resulting adverse physiological and behavioral responses in these facilities. It presents evidence based strategies to help health care professionals cope with unhealthy work environments. The book describes the characteristics of health care work environments that promote stress at personal and organizational levels and their impact on the mental health of individuals working in them. It offers insight into individual and group dynamics and the role of the health care institution workplace management and individual employee in fostering both healthy and unhealthy work environments. The book investigates a variety of situations that can erode mental health among coworkers and offers evidence based improvement strategies for creating healthier more respectful workplace environments. Case studies specific program development initiatives and examples of personal professional and organizational approaches to ameliorate adverse behaviors are included.
