you be a West Point graduate and a Navy admiral Mike Shelton has been asked that question many times throughout his life. Indeed when Cadet Michael Shelton began his Plebe year at the United States Military Academy at West Point in 1963 he had no idea that four decades later he would retire from military service as a Rear Admiral in the US Navy. In *West Point Admiral Leadership Lessons from Four Decades of Military Service* Shelton outlines his military career beginning with West Point the war in Vietnam and through postings across the globe. Along the way he witnessed firsthand the traits of good leadership and bad as he rose steadily through the ranks. Shelton provides his candid perspective on how the military has evolved through the years and the differences between Army Navy philosophies all while telling the story of his life in the service and his beloved US Navy Seabees.

**West Point Way of Leadership** Larry Donnithorne, 2009-07-01 West Point has bred more CEOs than any business school and the leadership skills taught there are truly matters of life and death. Bolder than Sun Tzu savvier than Gracian. *THE book on learning to lead*

**West Point Leadership Lessons** Scott Snair, 2004 Author Scott Snair got admitted to West Point Military Academy the U S Army s elite university the hard way rising through the enlisted ranks until he was almost too old to qualify for admission. He rose to become the president of his graduating class. Because he is a Desert Storm veteran Snair s sincerity is beyond question. His book if not distinctive is as solid as the paint job on an M1 A1 Abrams tank and rolls sturdily through a market filled with books that extend the military leadership model into the realm of business. Although Snair s efforts to apply military lessons to business situations seem strained his anecdotes are interesting and his principles are rock solid and time tested. He believes in establishing your leadership chops by seeking additional responsibility and in fulfilling your commitments with honor and integrity. getAbstract.com salutes that and agrees that his book will help you be a better leader. Professionals with an interest in the military will find it particularly engaging.

**Stand Your Ground** Evan H. Offstein, 2006-08-30 West Point is the ideal laboratory for studying the dynamics of character honor and leadership. First it operates a comprehensive honor education and enforcement program that has been subjected to rigorous Congressional scrutiny. Second it builds all of its academic athletic and military programs on this bedrock of honor. As a result West Point invests heavily in mentoring training and evaluation to ensure the leadership and character development of its 4 000 cadets. From Civil War General Robert E Lee to astronaut Edwin E Buzz Aldrin to basketball coach Mike Krzyzewski West Point has groomed leaders whose contributions far exceed the successful management of their immediate charges. By illuminating the principles by which West Point teaches leadership *Stand Your Ground* not only provides a unique tour behind the scenes at this revered institution but more generally imparts lessons of honor and character building that can be adopted by any aspiring leader. Management professor and West Point graduate Evan Offstein approached leaders at the U S Military Academy and the Department of the Army with two primary questions 1 How does West Point develop its leaders 2 Can other individuals and organizations apply these methods

effectively Two years later after conducting extensive on site research at West Point and with business leaders in a variety of industries he offers unprecedented access to the process of leadership development at West Point and practical insights that can indeed be applied in any type of organization that strives to operate on the principle of integrity *The West Point Way of Leadership* Larry R.
