Communication and Language Elinor L. Brown, Alexander S. Yeung, Cynthia Lee, 2013-01-01 Communication and Language play a foundational role in the overall pursuit of equity and social justice in education This volume does not take up the majority and dominant views which are especially visible in developments in the field of linguistic education and English language instruction Rather it travels the path less followed to attend to the language and communication concerns of populations that possess little political and economic power and whose academic and social needs are often neglected The volume attends to the role of language acquisition in levelling the playing field to enable ALL students to develop into contented family members good neighbours and productive citizens in an increasingly diverse and global society The issue takes on far greater importance as it gradually comes to light that the capacity for language corresponds to and even implements the ability to interrelate with others Far from being a mere utilitarian tool this is now appreciated as constituting the realm of abilities to take the position of the other to share a field of meaning and to project and pursue truly humane and indeed inter humane attitudes and goals In this light communication and language whether verbal or preverbal constitute the field in which one first attains and progressively evolves one s humanity In this volume scholars from ten different countries examine issues related to the influence of language and communication patterns on

equity and social justice in the lives of disadvantaged and marginalized populations around the globe i.e educational opportunities community stability economic prospects and political power Critical issues addressed include education in traditional national or Western languages language integration through dialects and code switching non verbal academic engagement through art signing and photography cross cultural engagement through language equity in higher education and the influence of Western language acquisition on the self concepts of disadvantaged students As the succession of sections in this volume makes clear success in the realization of language and communication abilities is not simple Rather it reflects human life and interaction in all its complexity

The Future Conditional Eric S. Henry, 2021-05-15 In *The Future Conditional* Eric S Henry brings twelve years of expertise and research to offer a nuanced discussion of the globalization of the English language and the widespread effects it has had on Shenyang the capital and largest city of China's northeast Liaoning Province Adopting an ethnographic and linguistic perspective Henry considers the personal connotations that English has for Chinese people beyond its role in the education system Through research on how English is spoken taught and studied in China Henry considers what the language itself means to Chinese speakers How and why he asks has English become so deeply fascinating in contemporary China simultaneously existing as a source of desire and anxiety The answer he suggests is that English speaking Chinese consider themselves distinctly separate from those who do not speak the language the result of a cultural assumption that speaking English makes a person modern Seeing language as a study that goes beyond the classroom *The Future Conditional* assesses the emerging viewpoint that for many citizens speaking English in China has become a cultural need and more immediately a realization of one's future

SPEAKING IN TONGUES THE SPIRIT FILLED LIFE When the Day of Pentecost came All of them were filled with the Holy Spirit and began to speak in other tongues as the Spirit enabled them Acts 2 1 4 The disciples had been with Jesus for three and a half years He taught them and personally trained them in preparation to carry on His work when He would no longer be with them By the time the Day of Pentecost had arrived Jesus had been crucified resurrected and ascended to His throne He had given the disciples the Great Commission but despite the prolonged season of preparation training and their readiness to Go and Do Jesus told them they hadn t yet been fully equipped He told them not to go anywhere or do anything until they had received the Promised Gift Do not leave Jerusalem but wait for the gift my Father promised which you have heard me speak about For John baptized with water but in a few days you will be baptized with the Holy Spirit Acts 1 4 5 Because they were obedient they did what Jesus told them to do and received the Promise the gift of the baptism of the Holy Spirit with speaking in tongues What they received that day dramatically changed their lives and has continued to change lives societies cultures nations and governments right up to this present day This worldwide transformation began with Christian believers receiving the Baptism of the Holy Spirit and speaking in tongues What the disciples needed we need What changed their lives can change our lives and what changed their world is what can change ours No matter how much training we get we will be inadequately prepared to fulfill the Great Commission unless we receive the same gift the early disciples received They were equipped with Power from on high to meet people s needs body soul and spirit just like Jesus did People s needs have not changed and God s will has not changed Jesus is The baptizer with the Holy Spirit Luke 3 16 and He has not changed On the Day of Pentecost Peter preached a message that brought thousands to conviction Their response was Brothers what shall we do Acts 2 37 Peter answered them by giving them the three fundamental requirements that gave birth to the New Covenant era he told them to repent be water baptized and receive the gift of the Holy Spirit Acts 2 38 How would today s church respond to a teaching that declared water baptism was no longer needed that it was only meant for first century believers Wouldn t you expect a protest in mass if church leaders taught that repentance was not a necessity for salvation So where is the outcry over the loss and denial of the third requirement of these three Receiving the gift of the Holy Spirit is another way of describing the baptism of the Holy Spirit with speaking in tongues This book will go into greater detail to prove the connection between the two Everything about Christianity the church our effect on our world and the coming of His kingdom all have to do with our relationship with God the Holy Spirit Nothing is more important nothing is

more critical and nothing more beneficial The baptism of the Holy Spirit with speaking in tongues is just as real today as it was then just as necessary now as it was then and just as available as it was then This book is about reinstating the baptism of the Holy Spirit with speaking in tongues to today s Christianity It has been preached against taught against defied and denied This is an attempt to right a wrong to restore to you and to the church the many facettled benefits of receiving the baptism of the Holy Spirit with speaking in tongues The gift is designed by God to bring you into a more intimate and spiritual relationship with Him and to equip and empower the church to disciple the nations *Speaking God's Language - a Guide to Speaking in Tongues* David Martin, 2013-10-16 Reader s Reviews This book has lifted my head and put fire back in my belly I highly recommend this book for all Christians whether new or old in the faith Long years in Christian ministry is no protection from feeling weak David s book has awakened me Thank you so much You have encouraged me to press in to God again By T we pray to build our own personal spirit life and to be refreshed in our inner man we also speak in tongues to pray for others and release prophetic anointing and destiny into our circumstances and those of our cities and nations This one gift alone is packed with enough power to turn the world upside down Maybe this is why the devil resists it so consistently I encourage you to grab hold of the principles in this booklet and apply them in your own pursuit of God As James encourages us in his letter to the Church the effective fervent prayers of righteous men and women avail much making tremendous power available dynamic in its working James 5 14 Amplified Be blessed as you read Included In the Kindle Edition of *Speaking God s Language A Handbook for Praying In Tongues* The Scriptural history of tongues where did it all begin How to build yourself up spiritually through praying in tongues How to interpret your tongues How to receive spiritual refreshment through speaking in tongues Frequently asked questions about speaking and praying in tongues Taking tongues to a deeper level How to engage in spiritual warfare through praying in tongues Preparing the spiritual lanscape by praying in tongues How to pray the perfect will of God into your future Exercises to develop and strengthen the gift of speaking in tongues in your spiritual life Releasing the prophetic purposes of God through tongues Private and public use of tongues to edify the Body of Christ and more
