#### Short Answer

11. The National League for Nursing (NLN) is established educational standards and criteria and is involved in the voluntary accreditation of nursing programs.
12. The purposes of NAAPNS and NLN are to: set standards for practical/vocational nursing programs; promote and protect practical/vocational nursing; educate and inform the general public about practical/vocational nursing.
13. LPN/LVNs function to provide specific services to patients under the direct supervision of a licensed physician, dentist, or registered nurse; assist individuals, such as well, in the performance of those activities contributing to health, to their recovery, and to gain independence as rapidly as possible or to have a peaceful death. The LPN/LVN is educated to be a responsible member of a health care team, performing basic therapeutic, rehabilitative, and preventive care to assigned patients. LPN/LVNs are continuing to provide care in all types of settings, with the majority employed in long-term care settings.

#### Multiple Choice

17. Answer 2: One of the primary problems of the early nineteenth-century hospitals was poor hygiene practices. Hospitals were dirty and overcrowded and care was mostly given by untrained persons.
18. Answer 4: The population is aging rapidly and there is an increased need for nursing services for this growing segment of the population.
19. Answer 3: "Nightingale Nurses" improved patient care and advanced the practice of nursing through good hygiene, sanitation, patient observation, accurate recordkeeping, nutritional improvement, and the introduction and use of new equipment.
20. Answer 1: The four major concepts are nurse, patient, health, and environment.
21. Answer 6: Poverty, homelessness, and unemployment are factors in increased risk for health problems.
22. Answer 2: Physiologic needs, such as eating and oxygenation, are the first priority according to Maslow.
23. Answer 4: Adolescence is time when love and belonging to a peer group are very important. Being part of a team is the best way to help him meet this need.
24. Answer 1, 3, 5: Patient can participate in smoking cessation, stress, weight, and alcohol intake reduction; and control over own body and health. Giving information about technology, new medications, and costs may be of interest to the patient, but these topics are less useful in helping the patient take an active role in her own health.
25. Answer 4: While the UAP or unit secretary can direct visitors, extreme caution should be used in giving out patient information. (Note to student: Even acknowledging that a patient has been admitted to the hospital can be viewed as a violation of confidentiality.) Taking vital signs is acceptable; however, the pharmacist generally prescribes medications. Validating and interpreting are nursing responsibilities.
26. Answer 2: Economical use of time and materials is the best way to contain costs for individual
