The **SAFETY** and **INSTRUCTION** decals should always be clearly visible, that is, nothing should obscure them. When they have become dirty, wash them with soap water using a soft cloth. **SAFETY** decals that have become damaged or lost must be replaced as soon as possible. New decals should be placed in the same location as the old one. When fitting a new decal ensure the position is clean and dry before fitting, making sure all the air bubbles are squeezed out from under the decal.
