The Idea of European Islam Mohammed Hashas, 2018-07-24 Suspensions about the integration of Islam into European cultures have been steadily on the rise and dramatically so since 9 11 One reason lies in the visibility of anti Western Islamic discourses of salafi origin which have monopolized the debate on the true Islam not only among Muslims but also in the eyes of the general population across Europe these discourses combined with Islamophobic discourses reinforce the so called incompatibility between the West and Islam This book breaks away from this clash between

Islam and the West by arguing that European Islam is possible It analyzes the contribution that European Islam has made to the formation of an innovative Islamic theology that is deeply ethicist and modern and it clarifies how this constructed European Islamic theology is able to contribute to the various debates that are related to secular liberal democracies of Western Europe Part I introduces four major projects that defend the idea of European Islam from different disciplines and perspectives politics political theology jurisprudence and philosophy Part II uses the frameworks from three major philosophers and scholars to approach the idea of European Islam in the context of secular liberal societies British scholar George Hourani Moroccan philosopher Taha Abderrahmane and the American philosopher John Rawls The book shows that the ongoing efforts of European Muslim thinkers to revisit the concept of citizenship and political community can be seen as a new kind of political theology in opposition to radical forms of Islamic thinking in some Muslim majority countries Opening a new path for examining Islamic thought in and of Europe this book will appeal to students and scholars of Islamic Studies Islam in the West and Political Theology **The Oxford Handbook of Islamic Law** Anver M. Memory and Peace Francis Anekwe Oborji, 2020-11-11 The Latin adage *Si vis pacem para bellum* if you want peace prepare for war is usually interpreted as peace through strength It expresses the idea that being armed and ready to fight in order to defend oneself is a viable way of keeping the peace However the truism of the adage is expressed by the author who argues for peace and sustainable development of Africa at large in the light of the Nigerian Biafra struggle He intellectually

equips readers with memories of the past lest the mistakes of history be repeated The author uses the power of the pen as a weapon mightier than the sword to discuss the structures of peace in the African context He weighs in a balance the need for restructuring and the right for self determination the way to freedom and collective effort towards development This volume contains articles that propose potential and functional solutions to the perennial challenges presently facing Nigeria as a country Interestingly the reflections recommend steps towards cordial reconciliation and the liberating spirit that would catalyze the restoration of an emerging nation the Republic of Biafra The volume further expands the ongoing ideas and thoughts on a variety of issues that offer roadmaps to the contextual problems of the indigenous people as well as the Christian Mission and evangelical witness Furthermore the author goes on to demonstrate that when dialogue is employed peace makes its way in the hearts of the citizens which ushers in the flourishing of good governance and economic growth Hence justice equity peace equal rights and opportunity become the bedrock upon which every nation state is supposed to be founded
