Unforgettable W. Michael Gray,2016-10-12 We have an uneasy relationship with the relentless deluge of information gushing out of academia and our media outlets To turn it off is escapist but to attempt to cognitively grapple with it is overwhelming In Unforgettable Enabling Deep and Durable Learning a nationally recognized master teacher gives professors and their students the means to chart a clear path through this information explosion Humans crave explanatory patterns and this book enables teachers to think deeply about their academic disciplines to find and articulate their core explanatory principles and to engage their students in a compelling way of thinking An alternative title for this book could be Why the Best College Teachers Do What They Do because the author articulates a compelling rationale that will equip faculty to create and deliver transformative courses Students in transformative courses grapple with essential questions and gain mental muscle that equips them for real world challenges *Food Packaging and Preservation* Amit K. Jaiswal,Shiv Shankar,2023-11-16 Food Packaging and Preservation Antimicrobial Materials and Technologies provides a scaffolded introduction to principles of biological science food contamination and their effect on human health as well as nanomaterials natural antimicrobials and emerging non thermal processing methods The book s goal is to help users develop sustainable

usage of these materials and technologies It is designed to help researchers in food technology materials science nanoscience and polymer science but it will also be ideal for researchers and developers who develop antimicrobial technologies for food industry applications in particular food packaging and the preservation of food products Thoroughly explores the application of nanomaterials nanocomposites antimicrobial materials from natural sources and emerging non thermal processing technologies Covers nanomaterials natural extracts and their usage in micro and nanoemulsion form Examines non thermal processing methods and their combinations for food packaging and food preservation [A Concise Guide to Teaching With Desirable Difficulties](#) Diane Cummings Persellin, Mary Blythe Daniels, 2023-07-03 This concise guidebook on desirable difficulties is designed to be a resource for academics who are interested in engaging students according to the findings of peer reviewed literature and best practices but do not have the time to immerse themselves in the scholarship of teaching and learning Intentionally brief the book is intended to summarize recent research on five aspects of desirable difficulties provide applications to the college classroom based on this research include special sections about teaching strategies that are based on best practices and offer annotated bibliographies and important citations for faculty who want to pursue additional study The book will provide a foundation for instructors to teach using evidence based strategies that will strengthen learning and retention in their classrooms In addition to chapters on the desirable difficulties the book also includes chapters on teaching first year and at risk students to embrace this approach on negotiating student resistance and on using this approach in teaching online *Confronting Injustice without Compromising Truth Study Guide* Thaddeus J. Williams, 2022-06-28 Enacting social justice is essential to the Christian faith But the Bible's call to seek justice is not a call to superficial activism True justice requires biblical wisdom and communal discernment Maybe you're frustrated with a version of Christianity that doesn't seem to take justice seriously Perhaps you've witnessed the rise of ideologies that brand themselves as social justice but you have a sense that something is off about them Maybe you have a hunch that God offers a better way to do justice than what's offered by the snarky memes on our news feeds In this 14 session video based study guide teacher and lecturer Thaddeus Williams furthers the case he made in his book taking study groups and individuals deeper into complex question of how to pursue a path of justice without compromising the truth of the gospel Participants will watch video segments DVD streaming video sold separately hear from a diverse range of experts interact in group discussions and answer personal reflection questions to discover what the Bible and the example of Jesus have to teach us about justice Williams confronts religious and political tribalism and challenges participants to discover a compelling vision of justice for all God's image bearers that offers hopeful answers to life's biggest questions and a way forward Sessions Include What is Social Justice The God Question The Imago Question The Idolatry Question The Collective Question The Splintering Question The Fruit Question The Disparity Question The Color Question The Gospel Question The Tunnel Vision Question The Suffering Question The Standpoint Question Conclusion [Walford's Guide to Reference Material: Science](#)
