TO OUR CUSTOMER

TO OUR CUSTOMER

Thank you for purchasing our tractor.

This operator's manual provides the information necessary for operating and maintaining your tractor safely and correctly.

The contents are mainly composed of the following 2 items:

- Safety instructions: Essential items which you should observe while operating the tractor.
- Technical instructions: Items which are necessary to operate, adjust and service the tractor correctly.

Before starting to operate the tractor for the first time, you should read this operator's manual thoroughly and carefully until you are sufficiently familiar with the operation of the tractor in order to do so safely and properly. The manual should be regarded as part of the tractor, and should be kept in a handy place so you can refer to it when required. You are advised to refer to it from time to time to refresh your understanding of the tractor.

Your dealer has performed the preliminary checks on your new tractor. He or she will discuss with you the operating and maintenance instructions given in this manual and inform you of the proper and correct conditions of the tractor. Call or refer to it at any time when you have a question, or need additional advice in the use of your tractor.

Paragraphs in the manual and labels on the machine are particularly important information about safe operation to avoid accidents. You should always read precautions in bold and follow them during operation.

**Be sure to wear
personal protective equipment
during operation**

In some of the illustrations used in this operator's manual, panels or guards may have been removed to clarify. Never operate the tractor with these panels and guards removed.

If the removal of a guard is necessary to make a repair, it must be replaced before operation.

If you use a tractor with a trailer and which suits your tractor, using an improper trailer may result serious accidents. Never attempt to haul beyond the tractor's capacity.

Follow strictly the instructions outlined in the operator's manual of the manufacturer of loaded machinery or trailer, and do not operate the combination tractor + machine or trailer - trailer unless all instructions have been followed.

All information, illustrations, and specifications contained in this manual are based on the latest information available at the time of publication. The right is reserved to make changes at any time without notice.
