Handbook of Literacy in Diglossia and in Dialectal Contexts Elinor Saiegh-Haddad, Lior Laks, Catherine McBride, 2022-03-14 This volume is the first published collection of papers on the impact of diglossia and dialectal variations on language and literacy acquisition impairment and education. The authors are pioneering in this field and are leading researchers with substantial experience in conducting research in this area. A wide range of areas and languages are covered including the US, South Africa, Israel, and various European countries. The chapters present novel data and insights regarding the role of dialectal variations on language and literacy from a wide range of countries and perspectives. These insights have significant theoretical and practical implications. A majority of literacy learners worldwide are taught to read and write in a language variety or a dialect that is not the same as their spoken language. Not only is this the global norm but it is probably also the greatest obstacle to literacy learning. This volume is the first published collection of papers on the role of dialect in language and literacy acquisition impairment and education in a variety of languages and situations across Europe, the Middle East, North America, Africa, and Asia. The authors are pioneers in this field. The African Book Publishing Record, 2013

Multilingualism, Literacy and Dyslexia Lindsay Peer, Gavin Reid, 2016-02-05 This fully revised new edition provides advice on the identification, assessment, and support of bilingual learners and assists practitioners in identifying the difference between literacy difficulties due to bilingualism or multilingualism and dyslexia. An essential text for staff development, it includes innovative approaches in technology and teaching programmes beneficial to multilingual learners and advice on learning additional languages. With contributions from experts from across the globe, this book will provide guidance on key themes including the assessment of multilingual learners, the impact of dyslexia on bilingualism, the literacy challenges facing learners from Indigenous cultures, the role of the SENCO in identifying children with English as an additional language, and Dyslexia, the emotional needs of learners with bi multilingualism and Dyslexia. This book will provide guidance to anyone involved in literacy development and language learning. With the increase in international schools around the globe and the ever-growing desire for parents to ensure that their children become proficient in English, this book will appeal to teachers, teaching assistants, specialists, and all other practitioners who work with bi multilingual children. *The Isizulu*, 1893

The Education Triple Cocktail Brahm Fleisch, 2018-08-15 The Education Triple Cocktail brings together rigorous quantitative and qualitative research on a new approach to improving foundational teaching and learning for schoolchildren living in working-class, poor, and remote rural communities in resource-constrained systems like South Africa. At the core of this book is the theory and evidence for a powerful new interlocking and mutually reinforcing change model. Inspired by the AIDS treatment story, the three-pronged approach of structured daily lesson plans, appropriate and high-quality educational materials, and one-on-one instructional coaching to help teachers transform their instructional practices in early-grade classrooms shows that it will improve learning outcomes. For education systems defined

by low levels of early grade learning and profoundly unequal outcomes The Education Triple Cocktail offers a theoretically informed evidence based way forward This book will be of immense use to teachers students of Education policymakers and parents South African national bibliography ,1999 Classified list with author and title index **Race, Racism, and Antiracism in Language Education** Ryuko Kubota,Suhanthie Motha,2024-10-30 Building on the pioneering 2009 volume Race Culture and Identities in Second Language Education this book reflects the significant expansion in the research since its publication and offers a wider breadth of perspectives on the complex theoretical terrain of race racism and antiracism in language education Contributors to this book apply a range of conceptual and methodological lenses to teaching diverse world languages Underscoring the interconnectedness of race and colonialism world language education and intersectional ideologies this book offers a forum for engaged dialogues among teachers teacher educators teacher candidates graduate and advanced undergraduate students curriculum developers policymakers and educational researchers in a wide range of disciplines including language education In covering important theoretical frames and constructs including raciolinguistic and anti oppressive pedagogies decoloniality neoliberalism and reverse linguistic stereotyping this book breaks from the Global North norms in applied linguistics and language instruction An essential text in TESOL and world language education this volume weaves meaningful connections among language education language in education policy and research
