## **Memorandum Of Question Paper Of N4:**

*The Order of Canada* Christopher P. McCreery, 2005-12-15 In 1966 a project to create a national honour for Canadians was begun The first recipients of the Order of Canada were announced a year later and in the nearly forty years since the Order has become a symbol familiar to and respected by people from across the country The spirit that motivates the Order of Canada celebration inclusion and democracy was born of the memories of Canada s earlier experience with honours From initial distrust and misunderstanding to the awakening of a national identity the development of the Order reflects the relationship Canadians have with their country their government their culture and their heroes The Order itself is a product of national identity politics and history reflected by the significance of its recipients accomplishments Indeed the Order s history is as fascinating as the more than 4000 Canadians who have received it This first book length history of the Order of Canada and first major work on Canadian honours by Christopher McCreery is a celebration of the Order and a close examination of its unique design and various early incarnations McCreery provides both a history of the Order s beginnings and a more general overview of trends in Canadian honours Extensively illustrated with never before published photographs The Order of Canada Its Origins History and Developments pays tribute to the individuals who felt the need for a system of recognition for Canadians Electronic Format Disclaimer Images removed at the request of the rights holder

**Organizations and Post-Soviet Conflicts in Georgia, Moldova, and Ukraine** Nina Lutterjohann, 2024-08-06

International Organizations and Post Soviet Conflicts in Georgia Moldova and Ukraine The Limitations of Imagining Peace and the Failure and Success in Negotiations addresses the protracted history of international conflict resolution efforts to the Georgian Abkhaz Moldovan Transnistrian and Eastern Ukraine conflicts The author explores the origins and onset of these first two conflicts in the early 1990s but also looks at the eruption of conflict in Eastern Ukraine in 2014 and at the first months after the Russian invasion of Ukraine in 2022 This book shows how from a conflict transformation perspective local vested interests and strategic interests have created obvious obstructions that have both fueled the conflicts and prevented their resolution This volume develops a comprehensive theoretical framework for understanding the success and failure of international engagement that offers a new understanding of the extent to which international responses may or may not be helpful Through an analysis of over 500 closed source documents and about 70 interviews the efforts of pan European international organizations with mandates from the OSCE EU UN and NATO are examined on both political and cultural levels This work s innovative analyses of those institutions performances shows how successes have often been overlooked

and identifies misperceptions that reshape our understanding of the limitations to imagining peace     The Energy Index
