Memorandum Of September 2014 Geography Trial:

Terrorism on Trial Nicole Nguyen, 2023-09-26 A landmark sociological examination of terrorism prosecution in United States courts Rather than functioning as a final arbiter of justice U S domestic courts are increasingly seen as counterterrorism tools that can incapacitate terrorists maintain national security operations domestically and produce certain narratives of conflict Terrorism on Trial examines the contemporary role that these courts play in the global war on terror and their use as a weapon of war hunting criminalizing and punishing entire communities in the name of national security Nicole Nguyen advocates for a rethinking of popular understandings of political violence and its root causes encouraging readers to consider anti imperial abolitionist alternatives to the criminalization prosecution and incarceration of individuals marked as real or perceived terrorists She exposes how dominant academic discourses geographical imaginations and social processes have shaped terrorism prosecutions as well as how our fundamental misunderstanding of terrorism has led to punitive responses that do little to address the true sources of violence such as military interventions colonial occupations and tyrannical regimes Nguyen also explores how these criminal proceedings bear on the lives of defendants and families seeking to understand how legal processes unevenly criminalize and disempower communities of color A retheorization of terrorism as political violence Terrorism on Trial invites readers to carefully consider the role of power and politics in the making of armed resistance addressing the root causes of political violence with a goal of building toward a less violent and more liberatory world

Ethnographies of U.S. Empire Carole McGranahan, John F. Collins, 2018-08-02 How do we live in and with empire The contributors to Ethnographies of U S Empire pursue this question by examining empire as an unequally shared present Here empire stands as an entrenched if often invisible part of everyday life central to making and remaking a world in which it is too often presented as an aberration rather than as a structuring condition This volume presents scholarship from across U S imperial formations settler colonialism overseas territories communities impacted by U S military action or political intervention Cold War alliances and fissures and most recently new forms of U S empire after 9 11 From the Mohawk Nation Korea and the Philippines to Iraq

and the hills of New Jersey the contributors show how a methodological and theoretical commitment to ethnography sharpens all of our understandings of the novel and timeworn ways people live thrive and resist in the imperial present Contributors Kevin K Birth Joe Bryan John F Collins Jean Dennison Erin Fitz Henry Adriana Mar a Garriga L pez Ol via Maria Gomes da Cunha Matthew Gutmann Ju Hui Judy Han J K haulani Kauanui Eleana Kim Heonik Kwon Soo Ah Kwon Darryl Li Catherine Lutz Sunaina Maira Carole McGranahan Sean T Mitchell Jan M Padios Melissa Rosario Audra Simpson Ann Laura Stoler Lisa Uperesa David Vine **The Russian State and Russian Energy Companies, 1992-2018** Ingerid M. Opdahl,2020-06-09 The Russian State and Russian Energy Companies analyses the development of relations between the state and five major energy companies and how this shaped Russia s foreign policy in the post Soviet region The book argues that the development of Russia s political economy mattered for foreign policy over the quarter of a century from 1992 to 2018 Energy companies roles in institutional development enabled them to influence foreign policy formation and they became available as tools to implement foreign policy The extent to which it happened for each company varied with their accessibility to the Russian state Institutional development increased state capacity in a way that strengthened Russia s political regime The book shows how the combined power of several companies in the gas oil electricity and nuclear energy industry was a key feature of Russian foreign policy both in bilateral relationships and in support of Russia s regional position In this way Russia s energy resources were converted to regional influence The book contributes to our understanding of Russia s political economy and its influence on foreign policy and of the formation of policy towards post Soviet states
