## **Memorandum Of Economics Paper1 November Grade11 2014:**

*The Carter Presidency* Gary M. Fink, Hugh Davis Graham, 1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter's election in 1976 would restore the New Deal agenda in the White House. Instead, during four tumultuous years in office, Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan. But Carter also backed most New Deal social programs and, however reluctantly, pursued a traditional containment foreign policy. In this book, more than a dozen eminent scholars provide a balanced overview of key elements of Carter's presidency, examining the significance of his administration within the context of evolving American policy choices after World War II. They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order. By the time Carter took office, many Americans had become disenchanted with big government and welfare spending, and his presidency is viewed in these pages as a transitional administration. As this volume demonstrates, Carter's dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities. While most of the contributors agree that his administration may be justly criticized for failing to find that course, they generally conclude that Carter was more successful than his critics acknowledge. These thirteen original essays cover such topics as the economy, trade, and industrial policies, welfare reform, energy, environment, civil rights, feminism, and foreign policy. They offer thoughtful assessments of Carter's performance, focusing on policy both as cause and effect of the post-industrial transformation of American society that shadowed his administration. A final essay shows how Carter's public spirited post-presidential career has made him one of America's greatest ex-presidents. Grounded on research conducted at the Carter Library, *The Carter Presidency* is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years. It is a milestone in the historical appraisal of that administration, inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America. **Editor & Publisher**, 1946

Special features such as syndicate directories, yearbook numbers, annual newspaper lineage, tabulations, etc., appear as separately paged sections of regular issues.

*Dress Casual* Deirdre Clemente, 2014 *Dress Casual: How College Students Redefined American Style* **The Democratic Dilemma of American Education** Arnold Shober, 2018-04-19 This compelling new book asks: How can American education policy be consistent with democratic ideals? Robust democracy is the combination of participation, self-rule, equality, understanding, and inclusion, but these norms can produce contradictory policy. Local control in education policy can undermine educational equality. Participation in teachers' unions can improve working conditions but thwart self-rule by local taxpayers. *The Democratic Dilemma of American Education* draws on contemporary research in political science and education policy to offer remarkably balanced insights into these challenging issues. Expertly navigating through local, state, and federal layers of education policy, Arnold Shober examines contemporary controversies over education governance.

teachers unions and collective bargaining school funding school choice academic accountability and desegregation Shober describes the inherent practical dilemmas of current policy and the difficulties policymakers face in overcoming them to produce lasting educational reform in a democratic federal system of government Timely engaging and accessible this is the ideal resource for courses in public policy as well as education and politics     State Support for Religious Education ,2007 Aimed at those interested in the vital relationship between international human rights law and domestic policy This work provides a set of source documents concerning the legal and political history of religious education in a multicultural environment and especially in Ontario Canada s largest province     The Andhra Pradesh Gazette Andhra Pradesh (India),1963     **ERIC Educational Documents Index, 1966-69: Minor descriptors and author index** ,1970
