Lisola Dei Baci Italian Edition:

Italian Futurism and the First World War Selena Daly, 2016-09-23 Selena Daly's work is the first comprehensive study of Futurism during the First World War period. In this book she examines the cultural, political, and military engagement of the Futurists with the war effort both on the battlefields and on the home front. Beginning with the outbreak of war in 1914, Italian Futurism and the First World War provides vivid accounts of Futurist experiences through an analysis of previously unpublished material including letters, diaries, and military documents, as well as newspapers, magazines, and popular novels. Her focus on Futurist protagonists such as Filippo Tommaso Marinetti, Umberto Boccioni, Emilio Settemelli, and lesser-known figures such as Giuseppe Steiner and Ennio Valentinelli greatly extends our knowledge of the movement. Daly's timely and detailed analysis challenges long-held assumptions about Futurist activity during the war and offers new insights for both the non-specialist and specialist alike.

Encyclopedia of Italian Literary Studies Gaetana Marrone, Paolo Puppa, 2006-12-26 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works from the most important figures of Italian literature to little-known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest such as those relating to journalism, film, media, children's literature, food, and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.
