Divided We Fall (Divided We Fall, Book 1) Trent Reedy, 2014-01-28 DIVIDED WE FALL delivers cover to cover action intrigue and suspense all with a gut punch of an ending that ll leave you begging for the next installment Brad Thor author of THE LAST PATRIOT Danny Wright never thought he d be the man to bring down the United States of America In fact he enlisted in the Idaho National Guard because he wanted to serve his country the way his father did When the Guard is called up on the governor s orders to police a protest in Boise it seems like a routine crowd control mission but then Danny s gun misfires spooking the other soldiers and the already fractious crowd and by the time the smoke clears twelve people are dead The president wants the soldiers arrested The governor swears to protect them And as tensions build on both sides the conflict slowly escalates toward the unthinkable a second American civil war With political questions that are popular in American culture yet rare in YA fiction and a provocative plot that asks what happens when the states are no longer united Divided We Fall is Trent Reedy s very timely YA debut

**Cornered** Barry C. Lynn, 2009-12-10 A manifesto for our times Thomas Frank Wall Street Journal Barry C Lynn one of the most original and surprising students of the American economy paints a genuinely alarming picture most of our public debates about globalization competitiveness creative destruction and risky finance are nothing more than a cover for the widespread consolidation of power in nearly every imaginable sector of the American economy Cornered strips the camouflage from the secret world of twenty first century monopolies neofeudalist empires whose sheer size vast resources and immense political power enable the people

who control to direct virtually every major industry in America in an increasingly authoritarian manner Lynn reveals how these massive juggernauts which would have been illegal just thirty years ago came into being how they have destroyed or devoured their competition and how they collude with one another to maintain their power and create the illusion of open competitive markets A confluence of small government zealotry and misguided efficient market theories has lead to a complete dismantling of government oversight of industry Has that brought us the promised economic utopia Just the opposite For decades the dominant elite has used the federal government to all but encourage companies to buy one another up outsource all their production and make their profits by leveraging their complete power over the market itself Lynn makes clear it will take more than a lawsuit or two to overthrow America s corporatist oligarchy and restore a model of capitalism that protects our rights as property holders and citizens and the independence of our Republic Details how regular citizens can join together to beat the great powers and how to do so by relearning the real history and language of our democratic republic Includes stories of real people and real industries that show how monopolies threaten independent businesses squelch innovation degrade the quality and safety of products destabilize vital industrial and financial systems and destroy the fabric of democracy Explores monopoly power across a wide array of industries including appliances auto parts beer eyeglasses medical supplies pet food surfboards vitamins and more Demonstrates how the drive for always lower prices makes your job disappear puts your small business out of business and turns dreams of entrepreneurial success into impossible fantasies Lynn is that rarest of creatures a journalist whose theoretical writings are taken very seriously by the top policymakers and economic thinkers in Washington and around the world His work has been compared already to John Kenneth Galbraith and Peter Drucker The Washington Post called Lynn s last book on globalization Tom Friedman for grownups *Cornered* is essential reading for anyone who cares about America and its future *Slow Burn 2* Hollis

Weller, Michael Fosen, 2014-05-30 For two veteran police officers and their small group of friends the first day of the outbreak starts out like any other until they are confronted with a new and unexpected enemy Each one of them is forced to confront the unthinkable Zombies are real and craving the living with an insatiable appetite Against the full specter of a society crumbling around them and the dead stalking the living in the streets it will take all of their skill knowledge and courage to survive Yet amongst it all they still face enemies among the living as well Armed gangs free to roam the streets Powerful men who want to play politics with people s lives and wolves in sheep s clothing Together the group faces an uncertain future as they struggle against relentless enemies living and dead in a devastated America Matvei the Russian mercenary had been poised to carve out his own empire from the ashes of humanity Horribly underestimating the enemy he now faced the once leader of an army struggles to survive against the very creatures he helped create For Mike and Stephen the idea to use an abandoned prison as a modern day fortress was brilliant Solid stone walls protected them and their growing group of survivors against the relentless advance of the undead howling for their blood giving the people inside a sense of hope in

these dark days Utilizing the skills and knowledge of the people sheltered inside they had turned the old prison into a working community They had shelter food and weapons to combat the dead What could go wrong In a nearby conclave was Father Kettle He was a man used to his position of authority as a man of God to get anything he desired Now along with a congregation of ruthless murderers he desires everything the survivors hold dear Father Kettle s personal assassin Jonas had infiltrated the prison to undermine their cause Joining their conspiracy burning with the need for revenge is former Councilman Lewis All the while far to the north in the burning remnants of Chicago the countless eyes of an undead host filled with hunger and rage looked to the south
