Poulson, 2016-04-19 Triathlons such as the famously arduous Ironman Triathlon and extreme mountain biking hair raising events held over exceedingly dangerous terrain are prime examples of the new lifestyle sports that have grown in recent years from oddball pursuits practiced by a handful of characters into multi million dollar industries In *Why Would Anyone Do That* sociologist Stephen C Poulson offers a fascinating exploration of these new and physically demanding sports shedding light on why some people find them so compelling Drawing on interviews with lifestyle sport competitors on his own experience as a participant on advertising for lifestyle sport equipment and on editorial content of adventure sport magazines Poulson addresses a wide range of issues He notes that these sports are often described as authentic challenges which help keep athletes sane given the demands they confront in their day to day lives But is it really beneficial to work so hard at play Is the discipline required to do these sports really an expression of freedom or do these sports actually impose extraordinary degrees of conformity upon these athletes *Why Would Anyone Do That* grapples with these questions and more generally with whether lifestyle sport should always be considered good for people Poulson also looks at what happens when a sport becomes a commodity even a sport that may have begun as a reaction against corporate and professional sport arguing that commodification inevitably plays a role in determining who plays and also how and why the sport is played It can even help provide the meaning that athletes assign to their participation in the sport Finally the book explores the intersections of race class and gender with respect to participation in lifestyle and endurance sports noting in particular that there is a near complete absence of people of color in most of these contests In addition Poulson examines how concepts of masculinity in triathlons have changed as women's roles in this sport increase *Willings Press Guide 2006 V1 United Kingdom* Waymaker Publishing, 2006-02 Now distributed by Thomson Gale the Willings Press Guide has been the world's leading international media directory for 125 years It provides extensive professionally researched coverage of the UK and international print media national and regional newspapers magazines periodicals and special interest titles [Willings's Press Guide and Advertisers' Directory and Handbook](#) ,2002 **Que's Official Internet Yellow Pages** Joe Kraynak, 2005 Information online is not stored or organized in any logical fashion but this reference attempts to organize and catalog a small portion of the Web in a single resource of the best sites in each category **Willings's Press Guide** ,2004 Coverage of publications outside
