Non-International Armed Conflicts in International Law

Yoram Dinstein, 2014-08-21 This dispassionate analysis of the legal implications of non international armed conflicts explores the rules regulating the conduct of internal hostilities as well as the consequences of intervention by foreign States the role of the Security Council the effects of recognition State responsibility for wrongdoing by both Governments and insurgents the interface with the law of human rights and the notion of war crimes The author addresses both conceptual and specific issues such as the complexities of failing States or the recruitment and use of child soldiers He makes use of the extensive case law of international courts and tribunals in order to identify and set out customary international law Much attention is also given to the contents of available treaty texts primarily the Geneva Conventions Additional Protocol II and the Rome Statute of the International Criminal Court what they contain and what they omit

Tax, Inequality, and Human Rights

Philip Alston, Nikki Reisch, 2019-04-11 In Tax Inequality and Human Rights experts in human rights law and in tax law debate the linkages between the two fields and highlight how each can help to tackle rapidly growing inequality in the economic social and political realms Against a backdrop of systemic corporate tax avoidance widespread use of tax havens persistent pressures to embrace austerity policies and growing gaps between the rich and poor this book encourages readers to understand fiscal policy as human rights policy and thus as having profound consequences for the well being of citizens around the world Prominent scholars

and practitioners examine how the foundational principles of tax law and human rights law intersect and diverge discuss the cross border nature and human rights impacts of abusive practices like tax avoidance and evasion question the reluctance of states to bring transparency and accountability to tax policies and practices highlight the responsibility of private sector actors for shaping and misshaping tax laws and critically evaluate domestic tax rules through the lens of equality and nondiscrimination The contributing authors also explore how international human rights obligations should influence the framework for both domestic and international tax reforms They address what human rights law requires of state tax policies and how tax laws and loopholes affect the enjoyment of human rights by people outside a state s borders Because tax and human rights both turn on the relationship between the individual and the state neo liberalism s erosion of the social contract threatens to undermine them both **Demographic Differences in Federal Sentencing Practices** ,2010
