Castles, Siegeworks and Settlements Duncan W. Wright, Oliver H. Creighton, 2016-11-30 This volume comprises thirteen reports detailing fieldwork undertaken by a research project which sought to assess the archaeological evidence of the period of conflict that took place in mid twelfth century England popularly known as the Anarchy *The Dean and Canons' Houses of St George's Chapel, Windsor* John Crook, 2022-12-02 The College of St George at Windsor Castle was founded by Edward III in 1348 to support the newly created Order of the Garter and to this day fulfills the same primary purpose The domestic buildings provided for the Warden Canons and Priest Vicars now the Deanery and Canons Cloister are an astonishing survival despite enlargement and alteration over the centuries a significant amount of the mid fourteenth century fabric survives though often hidden from view A recent program of refurbishment and conservation revealed much hitherto unknown evidence for the way the buildings were constructed their fittings and decoration and their subsequent evolution The author maintained a continuous watching brief throughout the refurbishment works the results of which are published here for the first time The archaeological evidence is supplemented by the excellent survival of documentation both for the initial construction of the buildings and their subsequent development we know the precise date of each stage of construction the cost and even the names of the workmen involved The post medieval history of the buildings is also highly significant and for this period we have the benefit of knowing more about the deans and canons who influenced the ways their dwellings developed and of a continued wealth of documentary evidence

History of Urban Form Before the Industrial Revolution A.E.J. Morris, 2013-12-02 Provides an international history of urban development from its origins to the industrial revolution This well established book maintains the high standard of information found in the previous two editions describing the physical results of some 5000 years of urban activity It explains and develops the concept of unplanned cities that grow organically in contrast with planned cities that were shaped in response to urban form determinants Spread throughout the texts are copious illustrations from a wealth of sources including cartographic urban records aerial and other photographs original drawings and the author's numerous analytical line drawings

The Village & House in the Middle Ages Jean Chapelot, Robert Fossier, 1985-01-01 Techniques of Archaeological Excavation Philip Barker, 2003-09-02 First published in 1993 Routledge is an imprint of Taylor Francis an informa company

Castles and Landscapes Oliver Hamilton Creighton, 2002 The settlement landscape was also deeply affected by castle building as their powerful aristocratic owners fostered new towns and villages while other communities were disrupted by their construction The types of sites chosen for castles are also examined as are the features that often accompanied them including churches mills monasteries deer parks fishponds and gardens Throughout this book challenges many of our perceptions about medieval castles and presents some new avenues for future research
