interactions In the fall of 2011 I began to have visions of white light that seemed to be directing me to write another book to warn the planet particularly the United States of America of impending natural disasters that are about to hit the earth Even a date has been given as to when this will truly begin These visions also told me that my techniques in reading the images of Spirit through Dreams Waking Dreams Visions and Soul Experiences would be the best form of protection and direction for those who could learn It s ways As a result I have put the two books together one written in 1998 and the other in the fall of 2011 through the spring of 2012 to release to the world to warn those in the path of the upcoming destruction and give them a means to protect themselves and their families through this direct connection to spirit I would like to sell the two books as one with full color art for 9 99 **Building Capitalism with China's Characteristics** Gregory T.
