Qiana Whitted

Krazy Ignatz A Wild Warmth Of Chromatic Gravy:

Krazy & Ignatz George Herriman, 2005 The Kolor Kat is here at last This critically acclaimed and best selling series goes full colour with this volume In 1935 George Herriman added colour to his comic strip classic Krazy Kat and this volume collects the full first two years of the colour Sundays This series features one of the early 20th century s best cartoonists with each volume lovingly packaged by Jimmy Corrigan author and McSweeney s Vol 13 editor Chris Ware Often described as an early surrealist Herriman s strip is widely considered the greatest of all time *American Comic Strips Before 1918* ,

Desegregating Comics Qiana Whitted, 2023-05-12 Some comics fans view the industry s Golden Age 1930s 1950s as a challenging time when it comes to representations of race an era when the few Black characters appeared as brutal savages devious witch doctors or unintelligible minstrels Yet the true portrait is more complex and reveals that even as caricatures predominated some Golden Age comics creators offered more progressive and nuanced depictions of Black people

Desegregating Comics assembles a team of leading scholars to explore how debates about the representation of Blackness shaped both the production and reception of Golden Age comics Some essays showcase rare titles like Negro Romance and consider the formal innovations introduced by Black comics creators like Matt Baker and Alvin Hollingsworth while others examine the treatment of race in the work of such canonical cartoonists as George Herriman and Will Eisner The collection also investigates how Black fans read and loved comics but implored publishers to stop including hurtful stereotypes As this book shows Golden Age comics artists writers editors distributors and readers engaged in heated negotiations over how Blackness should be portrayed and the outcomes of those debates continue to shape popular culture today **The Comics**

of Chris Ware David M. Ball, Martha B. Kuhlman, 2010 An assessment of the achievement and aesthetic of one of America s brightest comics innovators *Was the Cat in the Hat Black?* Philip Nel, 2017-07-06 Racism is resilient duplicitous and

endlessly adaptable so it is no surprise that America is again in a period of civil rights activism A significant reason racism endures is because it is structural it s embedded in culture and in institutions One of the places that racism hides and thus perhaps the best place to oppose it is books for young people *Was the Cat in the Hat Black* presents five serious critiques of the history and current state of children s literature tempestuous relationship with both implicit and explicit forms of racism The book fearlessly examines topics both vivid such as The Cat in the Hat s roots in blackface minstrelsy and more opaque like how the children s book industry can perpetuate structural racism via whitewashed covers even while making efforts to increase diversity Rooted in research yet written with a lively crackling touch Nel delves into years of literary criticism and recent sociological data in order to show a better way forward Though much of what is proposed here could be endlessly argued the knowledge that what we learn in childhood imparts both subtle and explicit lessons about whose lives matter is not debatable The text concludes with a short and stark proposal of actions everyone reader author publisher scholar citizen can take to fight the biases and prejudices that infect children s literature While *Was the Cat in the Hat Black* does not

assume it has all the answers to such a deeply systemic problem its audacity should stimulate discussion and activism

Translocal Modernisms Maria Irene Ramalho Sousa Santos, Irene Ramalho Santos, António Sousa Ribeiro, 2008 The full story of modernism is yet to be written This collection of essays provides an important page in this complex and inconclusive story of fluidities and hybridities by rendering problematical the linear sequence from modernism to postmodernism This book explores the many facets of modernism in a variety of essays written by an international group of scholars It deals with and puts in question the western literary tradition in many of its transcontinental and trans hemispheric encounters Criticism of high modernism is put in perspective by discussions of German reactionary modernism American social modernism and minor arts mid twentieth century Baudelairean modernity and unprecedented expansions of the concepts of modernity and modernism themselves Engaging in dialogue with the newest geographical transnational and global enlargements of the concept of modernism in time and space from the Middle Passage to emergent cultures of the twenty first century from Europe to America Africa and Asia the volume covers a wide range of translocal and transtemporal literary artistic cultural and social fields and perspectives

Spectrum 13 Cathy Fenner, Arnie Fenner, 2006 The increasing popularity of fantasy and science fiction themes in art is celebrated in the annual Spectrum series This is the premier venue for such art a lavishly illustrated volume and an invaluable resource eagerly awaited by art directors illustrators and readers alike Drawn from books comics magazines art galleries advertisements and portfolios each Spectrum represents a who's who in fantasy today With a wider reach than any previous edition Spectrum 12 features 350 works by artists from Germany England the Netherlands Korea Australia Japan Canada France and the United States Divided into seven categories including one each devoted to comics and graphic novels the illustrations expand the boundaries of the imagination and explore new realms of creativity Among the artists included are Justin Sweet Brad Holland Greg Ruth Lawrence Northey Arthur Suydam and H R Giger A handy index provides contact information for each artist
