Broonland Christopher Harvie, 2010-04-13 How did the intellectually intimidating industrious architect of the New Labour project become its maligned and feckless undertaker In this scathing witty indictment of Gordon Brown s tenure as prime minister Christopher Harvie says goodbye to Broon by exploring the Britain New Labour helped create It is a place where the gap between rich and poor grows ever wider and manufacturing has been replaced by retail entertainment and recreation for which read shopping gambling and drinking Now that the casino economy has veered wildly out of control and our public utilities and industries have been auctioned to the highest bidder Broonland is both an essential anatomy of a country on the brink of collapse and a caustic darkly funny portrait of a decade that took Britain from boom through bust to busted

**EBOOK: User Participation in Health and Social Care Research** Mike Nolan, Elizabeth Hanson, Gordon Grant, John Keady, 2007-10-16 This is a timely book given the increasing emphasis on user participation in both research and health and social service provision that can be read in conjunction with a more general book on research David Hicks Liverpool John Moores University UK User participation in research is still in its relative infancy with many practical ethical moral methodological and philosophical questions unanswered This text gathers together an international set of authors to explore these issues and begin to forge some practical solutions to each of these concerns The book includes contributions on the use and application of narrative approaches intervention and evaluation research methodological development and quality thresholds It provides a practical framework for all groups wishing to undertake research based on the principles and values of user participation The book is structured around ten original case studies which explore the use of participatory methods in practice with a variety of groups across diverse health social care and community settings These include older people including those with dementia people with learning disability mental health service users and their carers and children and young people Unique and often groundbreaking studies from Australia Sweden the UK and the USA are used to illustrate application of theory to research practice In addition the text Considers the issues challenges and rewards of user participation research Draws on the actual experience of doing research and working with users Includes the voices and

contributions of users in reporting research User Participation in Health and Social Care Research Voices Values and Evaluation is key reading for students researchers practitioners and users themselves wishing to undertake participative research involving service users

**Method in the Madness** Keith Townsend, John Burgess, 2009-06-29 Method in the Madness is presented as a companion to researchers investigating the complex world of work Rather than a How to text on performing research this book presents a record of experiences Research so often evolves in the field or the planning stages and a successful researcher need to be aware of serendipitous opportunities as they arise and how to solve problems as they occur The book comprises an introduction written by the editors followed by thirteen chapters written by different contributors The introduction draws together the disparate experiences that follow and discusses the ways in which the contributors all of whom are respected researchers dealt with and learned from the research experience In the following chapters the contributors describe and reflect on the research process the challenges they met during their research and the lessons learned The style varies but includes narratives anecdotes and descriptions of individuals experiences as research was designed and carried out and the results generated Presents twelve chapters of research experiences where the researcher learnt more about performing research whilst in the field than they did from prescriptive texts Represents a fresh and accessible look at research and research methods
