Computer Buyer's Guide and Handbook, 2000-07 *Why Would Anyone Do That?* Stephen C. Poulson, 2016-04-19

Triathlons such as the famously arduous Ironman Triathlon and extreme mountain biking hair raising events held over exceedingly dangerous terrain are prime examples of the new lifestyle sports that have grown in recent years from oddball pursuits practiced by a handful of characters into multi million dollar industries In *Why Would Anyone Do That* sociologist Stephen C Poulson offers a fascinating exploration of these new and physically demanding sports shedding light on why some people find them so compelling Drawing on interviews with lifestyle sport competitors on his own experience as a participant on advertising for lifestyle sport equipment and on editorial content of adventure sport magazines Poulson addresses a wide range of issues He notes that these sports are often described as authentic challenges which help keep athletes sane given the demands they confront in their day to day lives But is it really beneficial to work so hard at play Is the discipline required to do these sports really an expression of freedom or do these sports actually impose extraordinary degrees of conformity upon these athletes *Why Would Anyone Do That* grapples with these questions and more generally with whether lifestyle sport should always be considered good for people Poulson also looks at what happens when a sport becomes a commodity even a sport that may have begun as a reaction against corporate and professional sport arguing that commodification inevitably plays a role in determining who plays and also how and why the sport is played It can even help provide the meaning that athletes assign to their participation in the sport Finally the book explores the intersections of race class and gender with respect to participation in lifestyle and endurance sports noting in particular that there is a near complete absence of people of color in most of these contests In addition Poulson examines how concepts of masculinity in triathlons have changed as women's roles in this sport increase **Mountain Bike**, 2008-04 Mountain Bike magazine has everything for the mountain bike enthusiast from the best mountain bike and equipment reviews to a trail database with the recommended MTB trails **The Standard Periodical Directory**, 2003 **The Rough Guide to Crete** John Fisher, Geoff Garvey, 2001 The definitive handbook to one of the most spectacular Greek Islands In depth coverage of the great palace of Knossos and dozens of other Minoan Greek Roman Byzantine and Venetian sights Detailed accounts of the pick of the island's walks including the Samaritan and Imbros gorges and the low down on the finest unspoilt beaches Insider's reviews of the best places to eat drink and sleep from seaside resorts to remote mountain villages Perceptive background features including history archeology wildlife food and drink The Times Excellent and characterfully written [The Insiders' Guide to Bend and Central Oregon](#) James A Yuskavitch, James A.
