A Cultural History of Fairy Tales in the Long Eighteenth Century Anne E. Duggan, 2021-07-15 How have fairy tales from around the world changed over the centuries What do they tell us about different cultures and societies This volume traces the evolution of the genre over the period known as the long eighteenth century It explores key developments including the French fairy tale vogue of the 1690s dominated by women authors including Marie Catherine d'Aulnoy and Marie Jeanne Lhéritier the fashion of the oriental tale in the early eighteenth century launched by Antoine Galland's seminal translation of *The Thousand and One Nights* from Arabic into French and the birth of European children's literature in the second half of the eighteenth century Drawing together contributions from an international range of scholars in history literature and cultural studies this volume examines the intersections between diverse national tale traditions through different critical perspectives producing an authoritative transnational history of the genre An essential resource for researchers scholars and students of literature history and cultural studies this book explores such themes and topics as forms of the marvelous adaptation gender and sexuality humans and non humans monsters and the monstrous spaces socialization and power *A Cultural History of Fairy Tales* 6 volume set *A Cultural History of Fairy Tales in Antiquity* is also available as a part of a 6 volume set *A Cultural History of Fairy Tales* tracing fairy tales from antiquity to the present day available in print or within a fully searchable digital library accessible through institutions by annual subscription or on perpetual access see www.bloomsburyculturalhistory.com Individual volumes for academics and researchers interested in specific historical periods are also available digitally via www.bloomsburycollections.com

Le Prince des Aigues-Marines & Le prince invisible Louise Cavelier Lévesque, 1978 **Minor Catalogues of the Public Library of the City of Boston [Fingierter Sammeltitel]**, **British Museum Catalogue of Printed Books**, 1895 **The Feminist Encyclopedia of French Literature** Eva M. Sartori, 1999-07-30 The earliest known literary productions by women living in Europe were probably written by French writers As early as the 12th century women troubadours in the south of France were writing poems French women continued writing through the ages their number increasing as education became more available to women of all classes And yet of the great number of works by women writers who preceded the current feminist movement very few have survived A few writers such as Marie de France George Sand and Simone de Beauvoir became part of the canon But critics mostly male had judged the works of only a few women writers worthy of recognition As part of the feminist move to reclaim women writers and to rethink literary history scholars in French literature began to take a new look at women writers who had been popular during their lifetimes but who had not been admitted into the canon This reference book provides extensive information about French women writers and the world in which they lived Included are several hundred alphabetically arranged entries for authors literary genres such as the novel poetry and the short story literary movements such as classicism realism and surrealism life cycle events particular to women such as menstruation and menopause events and

institutions which affected women differently than men such as revolutions wars and laws on marriage divorce and education The volume spans French literature from the Middle Ages to the present and covers those writers who lived and worked mainly in France The entries are written by expert contributors and each includes bibliographical information The entries focus on each writer s awareness of how her gender shaped her outlook and opportunities on how categorizations structures and terms used to describe literary works have been defined for women and the ways in which women writers have responded to these definitions The volume begins with a feminist history of French literature and concludes with a selected general bibliography and a chronology of women writers
