Lee Tenghui Et La Révolution Tranquille De Taiwan:

Lee Teng-Hui et la révolution tranquille de Taïwan Jacinta Ho Kang-mei, 2005 En une dizaine d'années Taiwan grâce à la mise en œuvre d'un vaste programme de réformes est passé d'un régime autocratique à une véritable démocratie Ces réformes politiques ont leur origine d'une profonde mutation de la société taïwanaise On ne peut comprendre les problèmes auxquels Taiwan est aujourd'hui confronté et tout particulièrement ses relations tendues avec la République populaire de Chine si l'on ne comprend pas d'abord les enjeux et les conséquences de cette révolution tranquille dont Lee Teng Hui Président de la République fut le principal protagoniste de 1988-2000 **Lee Teng-hui Et la Révolution Tranquille de Taiwan**, 2013

Assessing the Lee Teng-hui Legacy in Taiwan's Politics Bruce Dickson, Chien-Min Chao, 2016-09-16 The 12 years of Lee Teng hui's presidency were marked by a series of contrary trends such as progress in the consolidation of Taiwan's democracy and periodic conflicts with China This book assesses the complex legacy of Lee Teng hui by looking at his accomplishments and setbacks **Taiwan's Statesman** Richard C. Kagan, 2014-10-15 A well known observer of Taiwan and Asian history and culture provides an insightful biography of Lee Teng Hui the pro democracy statesman and former president of the Republic of China As head of the Taiwanese government from 1988 to 2000 Lee managed without violence or major civil unrest to reform the authoritarian state into a constitutional democracy with a multi party political system This examination of Lee's success puts to rest the idea that Asian values support only authoritarian regimes and reject human rights and political democracy in favor of economic success and military power Richard C Kagan describes in rich detail Lee's struggle to reinvent Taiwan's culture and political system by advocating an independent sovereign nation with universal values of human rights democracy freedom and economic justice His book offers new insights into the role Lee played in the still volatile Taiwan Strait crisis and how Lee's diplomatic skills used the crisis to break free of the One China straitjacket of the Shanghai Communiqué of 1972 while avoiding open warfare with the People's Republic of China The author argues that Taiwan is a vital part of America's national security interests in Asia and that the loss of Taiwan to Mainland China would seriously damage American economic and military power in Asia He calls Lee's life a beacon for people looking for new ways to promote democracy and sovereignty and intends this biography of Lee's life to highlight the statesman's significant contributions until now little known or misunderstood in the United States and Europe

Assessing the Lee Teng-hui Legacy in Taiwan's Politics Linda Chao, Bruce J. Dickson, Chien-Min Chao, 2002-01-01 The twelve years of Lee Teng hui's presidency were marked by a series of contrary trends tremendous progress in the consolidation of Taiwan's democracy deterioration of the Kuomintang's popularity and the spread of black and gold politics the influence of organized crime and corruption in the political system a growing role for Taiwan in international affairs and periodic and often intense conflicts with China In this book some of the most influential scholars of Taiwan's domestic politics and international relations assess Lee Teng hui's presidency and his legacy for Taiwan's current leaders and the political system as a whole **Lee Teng-hui**
