Biology and Manners Regina Yung Lee, Una McCormack, 2020-06-17 This volume of essays continues the establishment of Lois McMaster Bujold as an important author of contemporary science fiction and fantasy It argues persuasively that Bujold s corpus spans the distance between two full arcs of US feminism and has anticipated or responded to several of its current concerns in ways that invite or even require theoretical exploration. The fourteen essays collected here provide wide ranging scholarly analyses of Bujold's work and worlds so far covering not only the science fiction and fantasy series but taking into account the wealth of ancillary material inspired by her works such as fan fiction and role playing games Examining the major series through a range of perspectives including feminist readings queer theory and disability studies this volume aims to establish beyond doubt the seriousness of intent behind Bujold's various artistic projects and provide a set of rich readings of this engaging experimental playful and popular author Lois McMaster Bujold Janet Brennan Croft, Donald E. Palumbo, C.W. Sullivan III, 2013-01-28 Lois McMaster Bujold has won a shelf full of awards Hugos Nebulas and others for both her science fiction and fantasy writing She is one of the most respected names in the field always delivering polished thoughtful and well crafted writing She consistently addresses great issues and problems on a human level where they are faced by quirky prickly and very real characters and her exploration of the theory of reader response is an important critical contribution Yet there has been a surprising dearth of serious critical writing about her output in part because she resists neat and easy classification by genre politics or subject matter. This collection of fresh essays aims to correct that situation by presenting critical insights into many aspects of her writing Attention is given to both her Miles Vorkosigan science fiction series and her Chalion and Sharing Knife fantasy series as well as the books that fall outside these series The Magazine of Fantasy & Science Fiction ,2008-06 Digital Talking Books Plus ,2009 Mythprint ,2007 **My Grandma Loves** This!
