Marriage Markets June Carbone, Naomi Cahn, 2014 There was a time when the phrase American family conjured up a single specific image a breadwinner dad a homemaker mom and their 2 5 kids living comfortable lives in a middle class suburb Today that image has been shattered due in part to skyrocketing divorce rates single parenthood and increased out of wedlock births But whether it is conservatives bemoaning the wages of moral decline and women's liberation or progressives celebrating the result of women's greater freedom and changing sexual mores most Americans fail to identify the root factor driving the changes economic inequality that is remaking the American family along class lines In *Marriage Markets* June Carbone and Naomi Cahn examine how macroeconomic forces are transforming our most intimate and important spheres and how working class and lower income families have paid the highest price Just like health education and seemingly every other advantage in life a stable two parent home has become a luxury that only the well off can afford The best educated and most prosperous have the most stable families while working class families have seen the greatest increase in relationship instability Why is this so The book provides the answer greater economic inequality has profoundly changed marriage markets the way men and women match up when they search for a life partner It has produced a larger group of high income men than women written off the men at the bottom because of chronic unemployment incarceration

and substance abuse and left a larger group of women with a smaller group of comparable men in the middle The failure to see marriage as a market affected by supply and demand has obscured any meaningful analysis of the way that societal changes influence culture Only policies that redress the balance between men and women through greater access to education stable employment and opportunities for social mobility can produce a culture that encourages commitment and investment in family life A rigorous and enlightening account of why American families have changed so much in recent decades Marriage Markets cuts through the ideological and moralistic rhetoric that drives our current debate It offers critically needed solutions for a problem that will haunt America for generations to come **The Chester White Swine**

A. Hansen,2006-07 In 1925 most of the farm girls in the community of Landover Minnesota likely expected a life filled with the familiar and white haired children Hester Lilje would have been one of them But with the sudden death of the mother she adored such girlish thoughts left her imagination forever Within a matter of months Hester along with her father and younger brother traveled the vast expanse between everything she had ever known and her grandparents farm which was located on the coast of the Pacific Northwest and there she remained until her death Had Hester Lilje been anyone but who she was the story would have ended there but Hester Lilje wouldn t have allowed that At the young age of ten she d very clearly defined her life s goal and to the end of her days nothing dissuaded her Hester s vow was a simple one she d be the woman her mother would have been proud of and not the embarrassment Auntie had proclaimed her to be So over the years Hester Lilje became Port Frey s beloved Miss Lily In the eighty years she s lived in Port Frey Miss Lily had worked at many things but in the winter of 2006 she found herself part
