Linculture Pour Tous La Nouvelle Utopie Des Politiques Culturelles:

L'inculture pour tous Serge Chaumier, 2010 La médiation culturelle - 2e éd. Serge Chaumier, François Mairesse, 2017-09-06 Si le concept de médiation apparaît dans bien des domaines le secteur culturel lui réserve une place particulière tant celui-ci est constitutif de son action La volonté de démocratisation s'est formalisée avec le souci de partager avec le plus grand nombre tant des œuvres artistiques que des savoirs produits par les sciences Le public se trouve de ce fait placé au cœur de tous les domaines de la culture du spectacle vivant et des musées comme des bibliothèques et des archives de la création contemporaine comme du champ patrimonial L'efficacité de la communication avec les différents publics passe par des techniques qualifiées couramment de médiation culturelle Cet ouvrage se propose de revenir sur l'histoire et les enjeux de la médiation culturelle ses fondamentaux ses impératifs les champs disciplinaires qu'elle convoque et les techniques nécessaires pour la mettre en œuvre Cette deuxième édition s'enrichit de nombreux encadrés terrain de bonnes pratiques de professionnels

The Routledge Handbook of Global Cultural Policy Victoria Durrer, Toby Miller, Dave O'Brien, 2017-09-22 Cultural policy intersects with political economic and socio cultural dynamics at all levels of society placing high and often contradictory expectations on the capabilities and capacities of the media the fine performing and folk arts and cultural heritage These expectations are articulated mobilised and contested at and across a global scale As a result the study of cultural policy has firmly established itself as a field that cuts across a range of academic disciplines including sociology cultural and media studies economics anthropology area studies languages geography and law This Routledge Handbook of Global Cultural Policy sets out to broaden the field's consideration to recognise the necessity for international and global perspectives The book explores how cultural policy has become a global phenomenon It brings together a diverse range of researchers whose work reveals how cultural policy expresses and realises common global concerns dominant narratives and geopolitical economic and social inequalities The sections of the book address cultural policy's relation to core academic disciplines and core questions of regulations rights development practice and global issues With a cross section of country by country case studies this comprehensive volume is a map for academics and students seeking to become more globally orientated cultural policy scholars

La médiation culturelle Serge Chaumier, François Mairesse, 2013-09-04 Cette synthèse analyse les courants historiques les débats et les enjeux Elle propose aussi des études de cas soumis à l'analyse pour fournir ainsi des outils et instruments aux professionnels et étudiants en histoire de l'art muséologie médiation culturelle Cet ouvrage esquisse les grandes orientations qui remodelent le concept de médiation et qui conduisent envisager son évolution dans l'avenir

La médiation culturelle - 3e éd. Serge Chaumier, François Mairesse, 2023-08-23 La médiation est présente dans bien des domaines mais le secteur culturel lui réserve une place particulière tant celle-ci est constitutive de son action Associée une volonté de démocratisation la médiation culturelle repose sur le partage avec le plus grand nombre d'œuvres artistiques et de savoirs produits par les sciences Le public se trouve de ce fait placé au cœur de tous les domaines culturels du

spectacle vivant et des musées comme des bibliothèques et des archives de la création contemporaine comme du champ patrimonial. Qu'il s'agisse de transmettre de générer des relations de favoriser le dialogue ou de créer l'efficacité de la communication avec les différents publics repose sur un ensemble de techniques qui varient selon les enjeux et découlent d'une histoire complexe. Cet ouvrage revient sur les fondamentaux les impératifs les champs disciplinaires que convoquent la médiation culturelle et les techniques nécessaires pour la mettre en œuvre. Il donne les clés pour déployer une action culturelle pertinente. Cette nouvelle édition est enrichie d'un tour d'horizon des pratiques. Sous forme d'encadrés les initiatives de nombreux acteurs culturels et institutionnels sont présentées.

Routledge International Handbook of the Sociology of Art and Culture Laurie Hanquinet, Mike Savage, 2015-09-16 The Routledge Handbook of the Sociology of Arts and Culture offers a comprehensive overview of sociology of art and culture focusing especially though not exclusively on the visual arts literature music and digital culture. Extending and critiquing Bourdieu's influential analysis of cultural capital the distinguished international contributors explore the extent to which cultural omnivorousness has eclipsed highbrow culture the role of age gender and class on cultural practices the character of aesthetic preferences the contemporary significance of screen culture and the restructuring of popular culture. The Handbook critiques modes of sociological determinism in which cultural engagement is seen as the simple product of the educated middle classes. The contributions explore the critique of Eurocentrism and the global and cosmopolitan dimensions of cultural life. The book focuses particularly on bringing cutting edge relational research methodologies both qualitative and quantitative to bear on these debates. This handbook not only describes the field but also proposes an agenda for its development which will command major international interest.

Routledge Companion to Audiences and the Performing Arts Matthew Reason, Lynne Conner, Katya Johanson, Ben Walmsley, 2022-04-05 The Routledge Companion to Audiences and the Performing Arts represents a truly multi dimensional exploration of the inter relationships between audiences and performance. This study considers audiences contextually and historically through both qualitative and quantitative empirical research and places them within appropriate philosophical and socio cultural discourses. Ultimately the collection marks the point where audiences have become central and essential not just to the act of performance itself but also to theatre dance opera music and performance studies as academic disciplines. This Companion will be of great interest to academics researchers and postgraduates as well as to theatre dance opera and music practitioners and performing arts organisations and stakeholders involved in educational activities.

The Persistence of Taste Malcolm Quinn, Dave Beech, Michael Lehnert, Carol Tulloch, Stephen Wilson, 2018-05-11 This book offers an interdisciplinary analysis of the social practice of taste in the wake of Pierre Bourdieu's sociology of taste. For the first time this book unites sociologists and other social scientists with artists and curators art theorists and art educators and art design and cultural historians who engage with the practice of taste as it relates to encounters with art cultural institutions and the practices of everyday life in national and transnational contexts. The volume is divided into four sections.

The first section on Taste and art shows how art practice was drawn into the sphere of good taste contrasting this with a post conceptualist critique that offers a challenge to the social functions of good taste through an encounter with art The next section on Taste making and the museum examines the challenges and changing social political and organisational dynamics propelling museums beyond the terms of a supposedly universal institution and language of taste The third section of the book Taste after Bourdieu in Japan offers a case study of the challenges to the cross cultural transmission and local reproduction of good taste exemplified by the complex cultural context of Japan The final section on Taste the home and everyday life juxtaposes the analysis of the reproduction of inequality and alienation through taste with arguments on how the legacy of ideas of good taste have extended the possibilities of experience and sharpened our consciousness of identity As the first book to bring together arts practitioners and theorists with sociologists and other social scientists to examine the legacy and continuing validity of Pierre Bourdieu s sociology of taste this publication engages with the opportunities and problems involved in understanding the social value and the cultural dispositions of taste after Bourdieu It does so at a moment when the practice of taste is being radically changed by the global expansion of cultural choices and the emergence of deploying impersonal algorithms as solutions to cultural and creative decision making
