L'écriture Chinoise Le Décalogue De La Modernité

Abel Rémusat

L'écriture Chinoise Le Debut De La Modernité:

L'écriture chinoise Viviane Alleton, 2008 Deux types d'écritures se partagent le monde moderne les alphabétiques qui sont multiples et la chinoise qui est unitaire et pratiquée par plus d'un milliard d'être humains Cette écriture différente fascine depuis toujours les Occidentaux au point que la question de la langue est souvent reléguée au second plan Dans cet ouvrage passionnant Viviane Alleton bouscule des idées reçues de la croyance en la supériorité des alphabets sur l'écriture chinoise considérée tort comme excessivement complexe et qui serait l'apanage d'une minorité Les caractères ne sont pas de petites images d'où manerait un sens mais correspondent des mots qui se prononcent et se lisent dans des textes grammaticalement articulés La transcription des sons en caractères latins le pinyin est avant tout un moyen d'enseigner une même prononciation tous les enfants chinois quel que soit le dialecte parlé chez eux Il n'y a pas plus d'illettrés en Chine qu'ailleurs L'apprentissage du chinois n'est guère plus long que celui du français Et l'enseignement massif de l'anglais perçu comme un outil de communication indispensable dans le monde actuel ne constitue pas une menace aux yeux des Chinois Loin d'être en péril face aux défis techniques de la modernité comme en témoigne la diffusion massive des applications de l'informatique l'écriture chinoise reste une marque identitaire forte

Écrire au présent Annie Curien, 2004 Témoignages de sinologues d'origines françaises et chinoises issus du colloque de 2001 sur le thème la modernité dans l'écriture d'aujourd'hui évolution de la langue et de la forme invention du sens Cet ouvrage s'articule selon trois axes expériences d'origines lectures et réflexions critiques pour mieux étudier les notions de modernité et de modernisme

La réforme de l'écriture chinoise Yu-Chen Chen, 1999 *Vers la romanisation de l'écriture chinoise*, 1958 *L'écriture chinoise en occident* Muriel Détrie, 1997

Recherches Sur L'origine Et la Formation de L'écriture Chinoise. Premier Mémoire Abel Rémusat, 1828 Puissance et pouvoir de l'écriture chinoise, 2015 Pourquoi les Chinois persistent-ils donner leur écriture un statut particulier et ceci en dépit des avancées de la linguistique moderne qui tendent réduire cette spécificité Quelle place occupa cette technique ou cet art dans la constitution et le développement d'une culture qui se définit en grande partie comme lettrée Comment s'articulent la froide pratique du pouvoir et la puissance de l'expression artistique dans la constitution de ce que le sinologue Jean Marie Simonet propose d'appeler la galaxie de l'écriture chinoise Enfin quel rôle jouent les signes iconiques dans les pratiques de déchiffrement du monde Ces questions et d'autres encore seront abordées dans ce court essai extrêmement pédagogique abondamment illustré et agrémenté d'un glossaire Une belle introduction un système d'écriture complexe mais passionnant

As recognized, adventure as capably as experience more or less lesson, amusement, as without difficulty as accord can be gotten by just checking out a books **Lecriture Chinoise Le Deacutefi De La Moderniteacute** as well as it is not directly done, you could admit even more in relation to this life, approximately the world.
