Ipma Certification Study Guide:

Project Management (IPMA®) Karen Dittmann, Konstantin Dirbanis, 2024-03-15 The book contains the complete learning content for the IPMA Level D Certification as well as the GPM Basic Certificate. It offers numerous examples, templates for project management methods and practical tips. It also aims to convey the joy of project management, which when carried out professionally is probably one of the most versatile and exciting professions imaginable. The IPMA International Project Management Association defines global standards for professional project management. The three competence areas of the current standard ICB4 0 Individual Competence Baseline Perspective context People personal and social and Practice methods and technical provide the certification framework for project managers. The competence-based approach of IPMA enables the transfer into practice and goes beyond the pure knowledge acquisition of other certifications solely based on tools and methods. In this way, the transfer to everyday project management can be managed successfully. Contents: Project context, how projects are embedded in companies, what legal regulations need to be considered, the role of organizational culture in project implementation, People in the project, personal and social skills for project managers, how to design projects with people for people, Methods and techniques from requirements analysis to performance, resource, time and cost planning through to project controlling and project closure. All topics are explained for both classical plan-based and agile project management and how to combine these two approaches hybrid. New in the 2nd edition: Modernized German standard of the current ICB 4 valid from 01.01.2024. Coverage of agile and hybrid project management. Continuous project examples as an aid for writing the Level D report.

Project Management (IPMA®) Karen Dittmann, Konstantin Dirbanis, Tinka Meier, 2021-01-21 *Preparation Guide for IPMA Individual Certification* Bert Hedeman, Roel Riepma, 2024-09-23

Preparation Guide for IPMA Individual Certification Based on Project Management by ICB4. This Preparation Guide for IPMA Individual Certification is a must for anyone preparing for the IPMA D and IPMA C project management exams through one of the IPMA Member Associations based on the ICB version 4. This book follows the same structure as the textbook Project Management by ICB4 and includes a summary of the learning objectives covered in the textbook and many multiple choice and open-ended questions with answer indications to practice the material. Multiple choice questions with answer indications are included for all the Basic learning objectives. Open-ended questions with sample answers are included for all the main topics of the learning objectives in both the Basic and Advanced sections. The multiple questions are formulated at Bloom level C Comprehensive. The open-ended questions are formulated at different Bloom levels. The Bloom level at which the questions are formulated is indicated in the title of each question. The open-ended questions are all based on a short case study. They are always about applying the project management framework and supporting theories as indicated in the textbook. Each IPMA Member Association independently decides which learning objectives apply to their IPMA D and IPMA C certification levels. To determine which learning objectives consult your IPMA Member Association's website. This Exam Prep

contains more than 400 multiple choice questions and 225 open questions the latter totalling more than 650 marks so a wealth of practice material An extensive team of IPMA trainers and project managers has reviewed the Exam Prep book
