

Genetics Vocabulary Terms

Intro to Genetics & Mendel	
Genetics	The study of how traits are passed from generation to generation
Gregor Mendel	The "Father of Genetics."
Trait	A characteristic (physical, personality, medical)
True Breeding	When the offspring always looks like parent
Hybrid	Looks like a mix of two parents when they are cross-pollinated
Dominant	Trait is one that can hide a recessive trait (indicated by <u>capital</u> letter)
Recessive	Trait can be hidden by a dominant trait (indicated by a lower case letter)
Gene	Part of a chromosome and codes for a trait
Allele	A different version of a gene
Segregation	The process of separating alleles
Gametes	The sex cells (egg & sperm)

Enhancing RTI Douglas Fisher,Nancy Frey,2010-10-01 Are we missing the opportunity to reach struggling learners from the very beginning Are we hastily and unnecessarily referring students to intervention programs that substitute for high quality core instruction What if we could eliminate the need for intervention programs in the first place Response to Intervention RTI programs are only as powerful and effective as the core instruction on which they re built High quality instruction then is the key ingredient that helps all students excel and it s at the heart of Douglas Fisher and Nancy Frey s unique approach to the RTI model Response to Instruction and Intervention or RTI2 In Enhancing RTI the authors argue that students learn best when classroom instruction and supplemental intervention mirror each other in both content and purpose This book provides K 12 teachers with the knowledge and tools they need to implement a cohesive RTI2 system that helps all children learn by proactively addressing their needs To this end you will learn how to Integrate and align core instruction and supplemental intervention Assess your own classroom instruction in addition to your students responses to it Strengthen existing school improvement efforts within an RTI2 framework Utilize systematic feedback to raise student achievement Fisher and Frey maintain that the RTI2 model not only promotes active student learning but it also

when done right promotes a culture of hardwired excellence at all levels of instruction
