Army-Navy-Air Force Register and Defense Times ,1909 **The Meritocracy Trap** Daniel Markovits, 2020-09-08 A
revolutionary new argument from eminent Yale Law professor Daniel Markovits attacking the false promise of meritocracy It
is an axiom of American life that advantage should be earned through ability and effort Even as the country divides itself at
every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns
supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy cuts to the heart of who we are
It sustains the American dream But what if both up and down the social ladder meritocracy is a sham Today meritocracy has
become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and
privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to
sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who
manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive
educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems
directly from meritocracy s successes This is the radical argument that Daniel Markovits prosecutes with rare force
Markovits is well placed to expose the sham of meritocracy Having spent his life at elite universities he knows from the inside
the corrosive system we are trapped within Markovits also knows that if we understand that meritocratic inequality produces
near universal harm we can cure it When The Meritocracy Trap reveals the inner workings of the meritocratic machine it
also illuminates the first steps outward towards a new world that might once again afford dignity and prosperity to the
