La Supervision Des Coachs Enjeux Pratique Et Meacutethode:

La supervision des coachs Danièle Darmouni, René-David Hadjadj, 2011-07-07 La supervision est née du besoin de protection mutuel du client et du coach. De la nécessité aussi pour le coach de poursuivre son évolution. Mais est-ce le seul intérêt de la supervision et en quoi la supervision de coaching est-elle spécifique ? En parallèle d'une réflexion sur les enjeux de la supervision, notamment sur la puissance, le pouvoir et les abus possibles, cet ouvrage est le premier qui aborde le sujet de manière pratique et opérationnelle. Fruit d'un long travail d'investigation et de réflexion, il présente galement différents points de vue de superviseurs français et étrangers ainsi que des témoignages de coachs supervisés. Pour les coachs : Cerner les enjeux de la supervision, choisir son superviseur et la technique de supervision la plus adaptée pour développer sa puissance. Pour les prescripteurs de coaching : Savoir choisir un coach supervisé. Pour les superviseurs : Avoir des techniques fiables et prouvées pour se positionner comme un allié du coach supervisé et des pistes pour continuer à évoluer dans sa pratique. Un livre engageant qui débat ouvertement des questions qui fâchent, pose la question fondamentale de l'exercice du pouvoir et propose des pistes éthiques et d'ontologiques. **15 cas de coaching expliqués**, 2022 **La bible de la supervision de coaching** Martine Volle, 2020-03-19 La supervision, point de passage obligé pour coachs exigeants. La supervision fait désormais partie intégrante de la formation continue et du soutien de la qualité dans la pratique des membres de la relation. Dans le domaine du coaching et

15 cas de coaching expliqués Céline Géara Thomas, 2022-11-02 15 cas complets de coaching est le résultat d'une réflexion menée par un collectif d'auteurs sur leur pratique du coaching. Chaque cas est tiré d'une situation réelle que la longue expérience des auteurs a permis d'analyser. Pour faciliter la consultation et naviguer au sein de l'ouvrage, les cas sont structurés de la même manière. Ce découpage permet une lecture en plusieurs tapes des différentes situations et offre différentes stratégies complémentaires pour accompagner le coach. Pour chaque cas, le lecteur découvrira notamment des outils de références qu'il pourra mettre au profit de sa pratique. *Supervision and Coaching* Hilary Cochrane, Trudi Newton, 2017-10-13 What is supervision and what is distinctive about supervision for coaches. This book has a dual purpose to explore the value of supervision to both giver and receiver in a transformative relationship and to offer practical guidance for both beginning and experienced supervisors. In *Supervision and Coaching* Hilary Cochrane and Trudi Newton create a story of supervision beginning with a challenge: how can we find an understanding of what happens in supervision and what is it that we do that enables learning in this relationship to be both a source of professional growth and personal development? The authors identify what goes on in the process of supervision whatever the field of application and look at the role of being a supervisor as separate and different from being a master practitioner or mentor. With clarity and through real-life examples, the book explores the relationship and the developmental impact of supervision using transactional analysis and other models to understand and discuss its psychological basis. *Supervision and Coaching* includes current theories of adult learning and sections on creating effective contracts, supervision with groups and working as an external supervisor for internal coaches.

Combining practical guidance for both beginning and more experienced supervisors with reflection on the underpinning roots of supervision Supervision and Coaching will be an essential resource for coaches in practice and in training coach supervisors and other people work professionals working in a supervisory role Le coaching et sa supervision Michel Moral,Pierre Angel,2019-03-06 Qu en est il des pratiques actuelles du coaching Qui sont les coachs Quels outils techniques et m thodes utilisent ils Comment pr parer un coaching Comment se forme t on au coaching Ce livre pr sente un panorama des pratiques actuelles et les tendances ddu coaching en constante volution Il insiste en particulier sur l importance croissante de la supervision qui est devenue indispensable pour d velopper le professionnallisme des coachs et am liorer la qualit de ses prestations Le superviseur reste un personnage myst rieux qui agit au fond de la sc ne Ce livre qui met en lumi re l interd pendance entre le coaching et sa supervision
