La Protection Sociale Un Investissement Pour Notre Avenir:

La protection sociale Alain Villemeur, 2012 Bien des ouvrages ont traité des moyens de sauver notre protection sociale ou au contraire d'en finir avec un modèle social archaïque. Ce livre rompt avec cette alternative simpliste entre la préservation de l'existant et la sécurité sociale minimale. Il s'agit moins de sauver la sécurité que de comprendre de quoi celle-ci nous sauve. Par ces effets sur la santé, le travail, l'économie et la formation de nos jeunes, elle constitue un investissement très rentable pour notre avenir collectif. Il est donc essentiel de ne pas dégoûter les jeunes générations d'adhérer encore à la logique de solidarité collective qui assure pour tous un meilleur avenir. Or, force de ne se préoccuper que de sauver notre protection sociale, on a négligé ce défaut majeur de notre système social : l'inégalité flagrante qui s'est creusée entre les générations au détriment des jeunes. Les retraités bénéficient de dépenses sociales croissantes tandis que les jeunes sont désormais les oubliés de la protection sociale. L'état providence doit se muer en état social investisseur qui mobilise des moyens financiers pour investir dans la santé et la qualité du travail. Les moyens financiers pour engager cette refondation existent déjà, mais leur mobilisation suppose de rééquilibrer notre système en faveur des jeunes générations qui doivent soutenir cet investissement collectif.

Les États-providence

Daniel Fleutot, 2023-11-24 Des prémices de l'état providence dans l'Allemagne de la fin du XIX^e à la généralisation des instances de protection sociale au cours des Trente Glorieuses, la construction des états providence est certainement un phénomène majeur de l'histoire économique du XX^e siècle. Confrontés à un ralentissement de la croissance, la montée du chômage au retour de la pauvreté et l'ouverture des inégalités, les états providence sont entrés en crise à partir des années 1970. Critiqués pour leur manque d'efficacité, ils doivent désormais affronter des difficultés financières, mais surtout une crise de légitimité. Accusés par les uns d'être un frein à la croissance, ils sont au contraire considérés par d'autres comme nécessaires pour amortir les effets des transformations économiques et sociales. Replaçant la construction des états providence dans le temps long, soulignant leur grande diversité, cet ouvrage montre qu'ils ont affronté des crises et qu'ils doivent aujourd'hui relever de nouveaux défis. La genèse des états providence, la diversité des états providence, les crises des états providence, l'avenir des états providence, de nouveaux défis pour les états providence en ce début de XXI^e siècle.
