other works by Spinoza chosen by Curley to make the Ethics easier to understand and a substantial introduction that gives an overview of Spinoza's life and the main themes of his philosophy. Perfect for course use, the Spinoza Reader is a practical tool with which to approach one of the world's greatest but most difficult thinkers: a passionate seeker of the truth who has been viewed by some as an atheist and by others as a religious mystic. The anthology begins with the opening section of the Treatise on the Emendation of the Intellect, which has always moved readers by its description of the young Spinoza's spiritual quest, his dissatisfaction with the things people ordinarily strive for (wealth, honor, and sensual pleasure), and his hope that the pursuit of knowledge would lead him to discover the true good. The emphasis throughout these selections is on metaphysical, epistemological, and religious issues: the existence and nature of God, his relation to the world, the nature of the human mind and its relation to the body, and the theory of demonstration, axioms, and definitions. For each of these topics, the editor supplements the rigorous discussions in the Ethics with informal treatments from Spinoza's other works.

Spinoza
Giuseppe Rensi, 2023-03-12. Avec une grande clarté, Giuseppe Rensi expose les concepts et théories qui ont marqué l'œuvre de Spinoza. Pour cela, il n'adopte pas la distance du chercheur ou de l'expert, mais se glisse dans la peau du penseur pour en communiquer le point de vue essentiel. Il pose ainsi lui-même les grandes questions métaphysiques toujours d'actualité. Qu'est-ce que l'être ? Quelle perception avons-nous de la réalité ? Est-ce que la nouveauté existe ? Rensi s'attache nous rendre accessible la pensée du philosophe hollandais en démontrant la cohérence de ses différentes thèses, qu'elles soient métaphysiques, anthropologiques, morales ou politiques. La définition de l'être comme substance éternelle est le point de départ d'une trajectoire dont les contradictions ne sont qu'apparentes. En tentant de les résoudre, Rensi nous propose une réflexion philosophique partielle en livrant son interprétation personnelle des apports du penseur hollandais. Il va même jusqu'à impliquer directement le lecteur dans sa réflexion en ancrant la philosophie de Spinoza dans l'expérience. Le souci pédagogique de l'auteur, son recours des images et des analogies, son enthousiasme même dynamisent et rendent actuelle la pensée de Spinoza.

The Philosophy of Spinoza, Selected from His Chief Works Benedictus de Spinoza, 1927

The Selected Works of Baruch de Spinoza Benedictus de Spinoza, 2020-09-28. Selections usually need no justifications. Some justification, however, of the treatment accorded Spinoza's Ethics may be necessary in this place. The object in taking the Ethics as much as possible out of the geometrical form was not to improve upon the author's text; it was to give the lay reader a text of Spinoza he would find pleasanter to read and easier to understand. To the practice of popularization, Spinoza one may confidently feel would not be averse. He himself gave a short popular statement of his philosophy in the Political Treatise. The lay reader of philosophy is chiefly, if not wholly, interested in grasping a philosophic point of view. He is not interested in highly meticulous details and still less is he interested in checking up the author's statements to see if the author is consistent with himself. He takes such consistency even if unwarrantedly for granted. A continuous reading of the original Ethics, even on a single topic, is impossible. The subject matter is coherent, but the propositions do not hang together. By omitting the formal statement of the

propositions by omitting many of the demonstrations and almost all cross references by grouping related sections of the Ethics with selections from the Letters and the Improvement of the Understanding under sectional headings the text has been made more continuous It is the only time probably dismembering a treatise actually made it more unified In an Appendix the sources of the selections from the Ethics are summarily indicated It would be a meaningless burden on the text to make full acknowledgments in footnotes For the same reason there has been almost no attempt made to show by means of the conventional devices the re arrangements and abridgements that have been made Every care has been taken not to distort in any way the meaning of the text And that is all that is important in a volume of this kind Wherever possible Spinoza s own chapter headings have been retained and some of the sectional headings have either been taken from or have been based upon expressions in the text It would have been more in keeping with contemporary form to use the title On Historical Method or The New History instead of Of the Interpretation of Scripture a chapter on Race Superiority would sound more important than one on The Vocation of the Hebrews but such modernizing changes were not made because the aim has been to give the reader a text as faithful to the original as the character of this volume would allow The Essential Spinoza Baruch Spinoza,2006-03-15 Designed to facilitate a thoughtful and informed reading of Spinoza s Ethics this anthology provides the Ethics related writings and two valuable appendices List of Propositions from the Ethics which helps readers to trace the development of key themes and Citations in Proofs a list of all the propositions corollaries and scholia in the Ethics together with all the definitions axioms propositions corollaries and scholia to which Spinoza refers in the proofs thus readers can locate for a given item each instance where Spinoza refers to it *Spinoza* André Scala,2018 Baruch Spinoza 1632 1677 philosophe grammairien et penseur politique cart sien immod r selon Leibniz a expos la M thode en lui donnant une forme g om trique rigoureuse et dout de l authenticit des livres de Mo se ce qui lui a valu d tre excommuni de La Synagogue On lui doit une th orie de la Substance radicale Dieu est la seule substance le seul tre le monde est l ensemble des modes des deux seuls attributs divins que nous pouvons conna tre tendue et pens e qui l a fait passer pour panth iste Comment Spinoza fils de marchand d Amsterdam est il devenu philosophe Comment a t il fait de la philosophie avec ceux qui le d siraient Comment en a t il fait contre ceux qui l en emp chaient Et surtout comment en a t il fait avec ceux qui n en faisaient pas Telles sont les questions que l on a voulu traiter ici comme pour entrouvrir son uvre **Spinoza: Complete Works** Baruch Spinoza,2002-11-01 The only complete edition in English of Baruch Spinoza s works this volume features Samuel Shirley s preeminent translations distinguished at once by the lucidity and fluency with which they convey the flavor and meaning of Spinoza s original texts Michael L Morgan provides a general introduction that places Spinoza in Western philosophy and culture and sketches the philosophical scientific religious moral and political dimensions of Spinoza s thought Morgan s brief introductions to each work give a succinct historical biographical and philosophical overview A chronology and index are included **Spinoza on Reason** Michael LeBuffe,2017-09-06 Michael LeBuffe explains claims about reason in Spinoza s

Kashap,2012-02-01 Spinoza and Moral Freedom guides the reader through Spinoza s principal ideas and powerful lines of reasoning clearing up obscurities along the way while acknowledging the genuine difficulties and gaps At the same time it neither intrudes the author s own beliefs and personality upon the reader nor gives instructions on what the reader s own final judgment should be What Kashap offers is pure Spinoza rather than a Spinoza reformed in light of another person s wishes or preoccupations In this respect Kashap s approach is refreshingly new and unique The style is graceful and lucid and in no way obscured by philosophical jargon Spinoza's Philosophy, an Outline Errol E. Harris,1992 A brief and simplified presentation of the major branches of Spinoza s philosophy for students beginning their study of this major 17th century philosopher Technicalities are clearly explained or entirely avoided Spinoza s ideas are put forward in plain language and supported by convincing argument Professor Harris reveals the penetrating depth of Spinoza s thought and the cogent appeal of his reasoning today Spinoza's Short Treatise on God, Man and His Wellbeing Benedictus de Spinoza,1910
