La Sagesse Des Mythes Apprendre A Vivre:

Apprendre à vivre: La sagesse des mythes Luc Ferry, 2006 Ouvrage d'initiation la mythologie grecque qui raconte les histoires dont elle est tissée tout en s'efforçant de montrer les leçons de vie et de sagesse qu'elle renferme. L'auteur en arrive à la conclusion que la philosophie est pour l'essentiel une sécularisation de leurs messages. Très abordable. **SDM** **The Fourth Secularisation** Luigi Berzano, 2019-05-15 This book examines recent forms of secularisation to demonstrate that we are now witnessing a fourth secularisation the autonomy of lifestyles. After introducing two initial secularising movements from mythos to Logos and from Logos to Christianity the book sets out how from Max Weber onwards a third movement emerged that practised the autonomy of science. More recently daily life radicalises Weber's secularisation and its scope has spread out to include autonomy of individual practices which has given rise to this fourth iteration. The book outlines these first three forms of secularisation and then analyses the fourth secularisation in depth identifying its three main dimensions: the de-institutionalisation of the religious lifestyle, the individualisation of faith and the development of new social forms in the religious field. These areas of religious practice are shown to be multiplying partly as a result of the general aestheticization of society. Individuals therefore aspire to personal styles of life with regard to beliefs and the choice of their own religious practices. This book will be of great use to scholars of religious studies, secularisation and the sociology of religion. **Sens et projet de vie** Luis Adolfo Gómez González, Diane Léger, Louise Bourdages, Hugues Dionne, 2013-04-30 T00:00:00-04:00 Donner un sens à sa vie. Il semble bien que ce soit l'un des besoins humains fondamentaux nous poussant à vouloir rendre notre vie intelligible et passionnante, porteuse de goûts de vivre pertinents et de choix de vie cohérents. Même si cette démarche nous semble toute individuelle et intime, elle fait appel des conceptions que nous cherchons partager quant à notre place dans le monde et nos liens aux autres. Le programme Sens et projet de vie a ainsi développé grâce à un partenariat entre la TLUQ l'Université du Québec Rimouski et l'Université du Québec Chicoutimi pour accompagner les personnes dans leur passage au milieu de leur vie. Ce livre traite de ce programme universitaire novateur dont le nombre grandissant d'inscriptions témoigne de son actualité et de sa pertinence sociale. C'est à partir des récits et des réflexions des formateurs et des étudiants impliqués dans ce projet qu'est construit cet ouvrage axé sur l'émergence, la coconstruction et la mise en œuvre du sens personnel et commun de la vie. Il aborde différentes dimensions de cette démarche: l'histoire et l'approche globale du programme, la quête de sens comme expérience culturelle et existentielle, le parcours pédagogique du programme et ses différentes tapes et présente des témoignages d'étudiants, propos de leur cheminement de sens et de leur expérience pédagogique. Il identifiera particulièrement les formateurs et les intervenants qui aident au sens des personnes, la recherche d'un sens à leur vie, mais également toute personne qui s'interroge sur ses aspirations et ses objectifs. Valeur, culture et science Issoufou Soulé Mouchili Njimom, 2020-08-26 Cet ouvrage est un ensemble de réflexions sur le vivre ensemble, la culture et son pilier le plus important, la science. Ces raisonnements qui se déploient autour de la nature de l'
