

A man with a beard and mustache, wearing a dark shirt, is shown from the chest up. He has a wide-eyed, surprised, or perhaps indignant expression on his face, looking slightly off-camera. The background is a blurred indoor setting with warm lighting.

Bernier, Agathe Garon, 1971-12-15 There is no doubt that local and regional history considered by many as a kind of minor
historical study has a pressing need for a systematic inventory of its resources This collection shows the durability the
vividness and the astonishing productivity of a sector of history which is the stronghold of the history lover rather than the
professional historian The nature and content of each book determines its selection For each book included the compilers
have weighed its contribution to local history and regional history rather than the style in which it is written narrative
memoir descriptive study or novel It is this criterion of selection that has permitted the retention of several general histories
of a varied nature Bouchette Charlevoix Nicholas Denys La Potherie Lescarbot Hanotiaux Sulte etc where local and regional
life takes on a major importance for reasons of order in history method or quite simply because local life is the principal
object of the study itself The editors have also retained certain works those of George W Brown Arthur Buies George M Grant
Blodwen Davies etc because they are primarily descriptive and contain numerous elements in which local history blends with
the manners and customs of the inhabitants of certain regions This bibliography is designed primarily for historiographers
who have until now paid little attention to local regional or parochial history It will also be invaluable for librarians who
suffer from the numerous difficulties involved in the classification of such works Since 1950 all works published in Canada
