Chandra Mohanty Our volume unites these strands of criticism by examining ways that female autobiographies write the self as a fragmented plural construct across the Francophone world This will be the first book length study of this important development This volume will be of interest primarily to students and scholars working in the areas of life writing French and Francophone studies postcolonial studies and gender studies The volume contributes to multiple areas that are currently garnering substantial interest in academe postcolonial studies Francophone studies gender studies and women s writing By comparing works from across the Francophone world our volume takes a global approach to the genre of autobiography and its inflections by women writers The Self That is Not One in Women s Autobiography in French therefore represents a timely intervention in several interlinking academic fields and will thus garner substantial interest
