Fact, Fiction, and Flying Saucers Stanton T. Friedman, Kathleen Marden, 2016-09-19 An excellent in depth book that gets to the heart of how and why the UFO subject has been smeared ridiculed and targeted by disinformation agents Nick Redfern author of *Men in Black* There is a clear conspiracy to deny the existence of UFOs The mainstream media has misinformed us for years about UFO studies conducted by highly regarded scientists associated with some of the finest universities in the country There is significant evidence that the US government has covered up the alien presence through misinformation distortion obfuscation and ridicule Some prominent politically connected scientists have engaged in the cover up And a few professional writers have helped to successfully label any scientists who have been persuaded by the evidence and brave enough to take a stand as unscientific charlatans fanatics and kooks *Fact Fiction and Flying Saucers* examines the wealth of archival documents that clearly demonstrate this cooperative disinformation effort and refute the false claims made by these professional scoffers Friedman and Marden set the record straight by examining politically motivated misinformation and presenting the compelling evidence that separates fact from fiction They reveal The most compelling UFO evidence including a variety of large scale scientific studies The current state of UFOlogy and what the future holds The media s role in disclosure and denial The government scientists whose job it is to deny The Air Force FBI CIA and NSA s involvement

Behind the Fog Lisa Martino-Taylor, 2017-07-28 *Behind the Fog* is the first in depth comprehensive examination of the United States Cold War radiological weapons program The book examines controversial military sponsored studies and field trials using radioactive simulants that exposed American civilians to radiation and other hazardous substances without their knowledge or consent during the Cold War Although Western biological and chemical weapons programs have been analyzed by a number of scholars *Behind the Fog* is a strong departure from the rest in that the United States radiological weapons program has been generally unknown to the public Martino Taylor documents the coordinated efforts of a small group of military scientists who advanced a four pronged secret program of human subject radiation studies that targeted unsuspecting Americans for Cold War military purposes Officials enabled such projects to advance through the layering of secrecy by embedding classified studies in other studies and through outright deception Agency and academic partnerships advanced supported and concealed the studies from the public at large who ultimately served as unwitting test subjects Martino Taylor s comprehensive research illuminates a dark chapter of government secrecy the military industrial academic complex and large scale organizational deviance in American history In its critical approach *Behind the Fog* effectively examines the mechanisms that allow large scale elite deviance to take place in modern society *Who Gets In?* Rebecca
