Arroyo Acevedo, 2025-09-17 The promotion of health in universities is of great importance as it allows for the encouragement
of healthy lifestyles and the prevention of diseases among students teaching staff and administrative personnel The
university is a conducive environment for the promotion of healthy habits since firstly it is usually the moment when the
students make decisions under their responsibility and secondly it is a place where academic sports and social activities take
place so it is also an ideal moment to promote changes that can be transferred to society and the rest of the individual's life
Health promotion in universities can cover several areas such as healthy eating physical exercise prevention of addictions
emotional and social mental health among others It can also involve the entire university community from students to
administrative and teaching staff In the case of students it is essential as it is a period of change and habit formation and the
fact that they will be the future decision makers of society *Truth Seeker*, 1893 The Truth Seeker, 1893
