

LIFE SCIENCES - QUICK FIX - PAPER TWO

MEIOSIS

STRUCTURE AND ARRANGEMENT OF CHROMOSOMES IN A NORMAL HUMAN KARYOTYPE.

- Each chromosome comprises two chromatids✓
- held together by a centromere✓
- There are 23 pairs✓/46 chromosomes in
- human somatic cells✓/body cells
- which are arranged into homologous pairs✓
- that are similar in length✓
- carry genes for the same characteristics✓
- have alleles of a particular gene at the same loci✓and
- have the same centromere position✓
- Each somatic cell has 22 pairs✓/44 autosomes✓and
- a pair✓/2 gonosomes✓/sex chromosomes/X and Y chromosomes
- Autosomes are arranged in pairs from largest to smallest✓ in a karyotype
- Males have XY chromosomes✓
- Females have XX chromosomes✓
- The X chromosome is larger than the Y chromosome✓

BEHAVIOUR OF THE CHROMOSOMES DURING THE DIFFERENT PHASES OF MEIOSIS I.

- During prophase✓ I
- chromosomes pair✓up/homologous pairs /bivalents form
- Crossing over✓exchange of genetic material occurs
- between chromatids✓/adjacent chromosome pairs
- During metaphase✓ I of meiosis
- homologous chromosomes✓/chromosome pairs are arranged
- at the equator✓of the cell
- in a random✓ way
- with the chromosome attached to the spindle fibre✓
- During anaphase ✓ I
- chromosome pairs separate✓/chromosomes move to opposite poles
- During telophase ✓ I
- the chromosomes reach the poles of the cell✓

Design for Aging Jia Zhou,Gavriel Salvendy,2015-07-20 The two LNCS volume set 9193 9194 constitutes the refereed proceedings of the First International Conference on Human Aspects of IT for the Aged Population ITAP 2015 held as part of the 17th International Conference on Human Computer Interaction HCII 2015 held in Los Angeles CA USA in August 2015 jointly with 15 other thematically conferences The total of 1462 papers and 246 posters presented at the HCII 2015 conferences were carefully reviewed and selected from 4843 submissions These papers of the two volume set address as follows LNCS 9193 Design for Aging Part I addressing the following major topics HCI design and evaluation methods for the elderly ICT use and acceptance aging the web and social media and the elderly and mobile devices and LNCS 9194 Design for Everyday Life Part II addressing the following major topics health care technologies and services for the elderly home and work support smart environment and AAL and communication games and entertainment

The

Oxford Handbook of Moral Development Lene Arnett Jensen, 2020-01-24 The nature of people's moral lives, the similarities and differences in the moral concepts of individuals and groups and how these concepts emerge in the course of human development are topics of perennial interest. In recent years, the field of moral development has turned from a focus on a limited set of theories to a refreshingly vast array of research questions and methods. This handbook offers a comprehensive international and up-to-date review of this research on moral development. Drawing together the work of over 90 authors hailing from diverse disciplines such as anthropology, education, human development, psychology, and sociology, the handbook reflects the dynamic nature of the field. Across more than 40 chapters, this handbook opens the door to a broad view of moral motives and behaviors, ontogeny and developmental pathways, and contexts that children, adolescents, and adults experience with respect to morality. It offers a comprehensive and timely tour of the field of moral development.

Annals of the Carnegie Museum, 2013 **Handbook of Community Movements and Local Organizations in the 21st Century** Ram A. Cnaan, Carl Milofsky, 2018-05-22 This new handbook builds on *The Handbook of Community Movements and Local Organizations* published in 2007 and is the only resource defining the field of study related to small nonprofit organizations and to studying communities from the standpoint of associations that make up communities. It explores the history and conceptualizations of community, theoretical concepts in community organizations, social movements ranging from health to crime, and community practice methods. Further, it provides authoritative statements of major theory areas, gives examples of different sub-areas of the field, provides guidance to people working as practitioners in the field, and nicely coincides with the increasing interest in clinical sociology. This handbook is of great interest to academics, students, and practitioners with an interdisciplinary resource to understand and collaborate in work with contemporary communities.

Management Consultancy and the British State Antonio E. Weiss, 2018-10-26 This book traces the emergence and development of the relationship between management consultancies and the British state. It seeks to answer three questions: why were management consultants brought into the machinery of the state; how has state power been impacted by bringing profit-seeking actors into the machinery of the state; and how has the nature of management consultancy changed over time. The book demonstrates the role consultants played in major developments in the postwar period. Specific case studies interrogate how consultancies influenced the policy fields of health service reform and social security benefits. This book will redefine debates amongst business historians and historians of the postwar British state about the nature of management consultancy and public sector reform.

Urban Animals Tora Holmberg, 2015-03-27 The city includes opportunities as well as constraints for humans and other animals alike. Urban animals are often subjected to complaints, they transgress geographical, legal, and cultural ordering systems while roaming the city in what is often perceived as uncontrolled ways. But they are also objects of care, conservation practices, and biopolitical interventions. What, then, are the more-than-human experiences of living in a city? What does it mean to consider spatial formations and urban politics from the perspective of

human animal relations This book draws on a number of case studies to explore urban controversies around human animal relations in particular companion animals free ranging dogs homeless and feral cats urban animal hoarding and crazy cat ladies The book explores zoocities the theoretical framework in which animal studies meet urban studies resulting in a reframing of urban relations and space Through the expansion of urban theories beyond the human and the resuscitation of sociological theories through animal studies literature the book seeks to uncover the phenomenon of humanimal crowding both as threats to be policed and as potentially subversive In this book a number of urban controversies and crowding technologies are analysed finally pointing at alternative modes of trans species urban politics through the promises of humanimal crowding of proximity and collective agency The exclusion of animals may be an urban ideology aiming at social order but close attention to the level of practice reveals a much more diverse disordered and perhaps disturbing experience

The Uncanny Valley Hypothesis and Beyond Marcus Cheetham, 2018-05-02 A field of theory and research is evolving around the question highlighted in the Uncanny Valley Hypothesis How does high realism in anthropomorphic design influence human experience and behaviour The Uncanny Valley Hypothesis posits that a very humanlike character or object e g robot prosthetic limb doll can evoke a negative affective i e uncanny state Recent advances in robotic and computer graphic technologies in simulating aspects of human appearance behaviour and interaction have been accompanied therefore by theorising and research on the meaning and relevance of the Uncanny Valley Hypothesis for anthropomorphic design Current understanding of the uncanny idea is still fragmentary and further original research is needed However the emerging picture indicates that the relationship between humanlike realism and subjective experience and behaviour may not be as straightforward as the Uncanny Valley Hypothesis suggests This Research Topic brings together researchers from traditionally separate domains including robotics computer graphics cognitive science psychology and neuroscience to provide a snapshot of current work in this field A diversity of issues and questions are addressed in contributions that include original research review theory and opinion papers

The Publishers' Circular and Booksellers' Record, 1919 *The Publisher*, 1916 **British Books**, 1916 Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1916 Library Journal, 1991 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *SET Life Science: Solved Exam Questions* Kailash Choudhary, D.
