Juan Rulfo Juan Rulfo, Reina Roffé, 1992 **Tradition and Modernity in Spanish American Literature A.**

Sharman, 2006-10-16 Please note this is a Palgrave to Order title PTO Stock of this book requires shipment from an overseas supplier It will be delivered to you within 12 weeks Modernity in Spanish America has been viewed by a postmodern cultural studies as a condition of the first half of the twentieth century whose major political philosophical and cultural assumptions the region would do well to leave behind This book explores a corpus of Spanish American literary texts from that modern period which dramatize the constitutive dynamics of modernity in particular the legacy of the French Revolution the logic of nationalism the founding of the modern city and the awkward relationship to both Western and indigenous traditions Its argument is that one cannot so easily take leave of modernity Writing Across Cultures Angel Rama, 2012-05-29 Angel Rama was one of twentieth century Latin America's most distinguished men of letters Writing across Cultures is his comprehensive analysis of the varied sources of Latin American literature Originally published in 1982 the book links Rama's work on Spanish American modernism with his arguments about the innovative nature of regionalist literature and it foregrounds his thinking about the close relationship between literary movements such as modernism or regionalism and global trends in social and economic development In Writing across Cultures Rama extends the Cuban anthropologist Fernando Ortiz's theory of transculturation far beyond Cuba bringing it to bear on regional cultures across Latin America where new cultural arrangements have been forming among indigenous African and European societies for the better part of five centuries Rama applies this concept to the work of the Peruvian novelist poet and anthropologist José María Arguedas whose writing drew on both Spanish and Quechua Peru's two major languages and by extension cultures Rama considered Arguedas's novel *Los ríos profundos* Deep Rivers to be the most accomplished example of narrative transculturation in Latin America Writing across Cultures is the second of Rama's books to be translated into English *Landmarks in Modern Latin American Fiction (Routledge Revivals)* Philip Swanson, 2015-08-11 In the 1960s there occurred amongst Latin American writers a sudden explosion of literary activity known as the Boom It marked an increase in the production and availability of innovative and experimental novels But the Boom of the 1960s should not be taken as the only flowering of Latin American fiction for such novels dubbed new novels were being written in the 1940s and 1950s as well as in the 1970s and 1980s In this edited collection first published in 1990 Philip Swanson charts the development of Latin American fiction throughout the twentieth century He assesses the impact of the new novel on Latin American literature and follows its growth Nine key texts are analysed by contributors including works by the big four of the Boom Fuentes Cortázar García Márquez and Vargas Llosa This book will be of interest to critics and teachers of Latin American literature and will be useful too as supplementary reading for students of Spanish and Hispanic Studies It will also serve as a helpful introduction to those new to Latin American fiction
