## **July Kingdom Ministry 2013:**

Using the Law in Social Work Robert Johns, Jacqueline Harry, 2025-12-12 A core function of social work is to assist empower and protect the most vulnerable in society requiring social workers to often make decisions in complex and challenging situations This book helps social workers understand their statutory duties keep up to date with relevant law legislation and legal processes and learn how to apply this knowledge to social work practice Using jargon free language it provides a grounding in legally appropriate rights based social work across services for children and families and child protection adult care law youth justice court work professional regulation and human rights

**Graffiti and Street Art** Konstantinos Avramidis, Myrto Tsilimpounidi, 2016-12-08 Graffiti and street art images are ubiquitous and they enjoy a very special place in collective imaginary due to their ambiguous nature Sometimes enigmatic in meaning often stylistically crude and aesthetically aggressive yet always visually arresting they fill our field of vision with texts and images that no one can escape As they take place on surfaces and travel through various channels they provide viewers an entry point to the subtext of the cities we live in while questioning how we read write and represent them This book is structured around these three distinct albeit by definition interwoven key frames The contributors of this volume critically investigate underexplored urban contexts in which graffiti and street art appear shed light on previously unexamined aspects of these practices and introduce innovative methodologies regarding the treatment of these images Throughout the focus is on the relationship of graffiti and street art with urban space and the various manifestations of these idiosyncratic meetings In this book the emphasis is shifted from what the physical texts say to what these practices and their produced images do in different contexts All chapters are original and come from experts in various fields such as Architecture Urban Studies Sociology Criminology Anthropology and Visual Cultures as well as scholars that transcend traditional disciplinary frameworks This exciting new collection is essential reading for advanced undergraduates as well as postgraduates and academics interested in the subject matter It is also accessible to a non academic audience such as art practitioners and policymakers alike or anyone keen on deepening their knowledge on how graffiti and street art affect the ways urban environments are experienced understood and envisioned

**Renewable Gas** Jo Abbess, 2016-04-29 The author looks at the prospects for a transition from natural gas to low carbon gas which could take several decades and at how this will depend on the evolution of the fossil fuel industry She investigates the technologies and energy systems for making the best use of renewable gas resources

Small Arms Survey 2015 Keith Krause, 2015-07-30 Highlights emerging trends and concerns regarding armed violence and small arms proliferation as well as related policies and programming

*Small Arms Survey 2015* Small Arms Survey, 2015-07-30 The Small Arms Survey 2015 examines the role of weapons and armed violence in humanity's appropriation of the earth's wildlife and mineral riches in Africa where the poaching of elephants and rhinos is becoming increasingly militarised and near resource extraction sites around the world In addition to presenting updates on the UN small arms process and the top arms

importers and exporters the volume assesses how recent technological developments affect weapons marking record keeping and tracing reviews small arms flows to Egypt Libya and Syria and evaluates a stockpile management initiative in south east Europe The armed actors section sheds light on the arms and ammunition used by insurgents in northern Mali the decline of the Forces Démocratiques de Libération du Rwanda and the use of floating armouries by private security companies in the Indian Ocean This edition also analyses conditions that are driving young people to adopt high risk coping strategies in Burundi

*Lawyering for the Rule of Law* Yoav Dotan, 2014 A study of the relationship between judicial activism and government lawyers

The Law of Armed Conflict and the Use of Force Frauke Lachenmann, Rüdiger Wolfrum, 2017 This volume collects articles on the law of armed conflict and the use of force from the Max Planck Encyclopedia of Public International Law to facilitate easy access to content from the leading reference work in international law

**Drone Wars: Ethical, Legal and Strategic Implications**, 2014-02-15 Lethal drones have been used in the last 12 years by the United States to strike targets and eliminate terrorists in Afghanistan Pakistan Somalia Yemen and a few other countries Details of how armed drones are being used in or outside of declared wars are closely guarded secrets by all three states known to use them However these drones have also been responsible for killing and injuring thousands of civilians including women and children besides destroying homes and property The US and its allies have claimed that the drone strikes have been spectacularly successful in terms of both finding and killing targeted enemies Drones have been projected as a military necessity and their market is growing fast especially for intelligence surveillance and reconnaissance The use of unmanned drones to target belligerents raises many complex issues It is of crucial importance that traditional ethical rules and practices are applied that rules of international law are observed even while engaging with terrorists There are a few who justify the use of drones but their argument is somewhat similar to the argument used for dropping atomic bombs over Japan in WWII Lethal drones are a weapon of rich nations who have used them to attack poor defenceless nations This book discusses the ethical legal and strategic issues relating to the use of drones in armed conflict
