Wolf, 2014-11-13 Since the Automatic Binding Bricks that LEGO produced in 1949 and the LEGO System of Play that began with the release of Town Plan No 1 1955 LEGO bricks have gone on to become a global phenomenon and the favorite building toy of children as well as many an AFOL Adult Fan of LEGO LEGO has also become a medium into which a wide number of media franchises including Star Wars Harry Potter Pirates of the Caribbean Batman Superman Lord of the Rings and others have adapted their characters vehicles props and settings The LEGO Group itself has become a multimedia empire including LEGO books movies television shows video games board games comic books theme parks magazines and even MMORPGs LEGO Studies Examining the Building Blocks of a Transmedial Phenomenon is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own Although each essay looks at a particular aspect of the LEGO phenomenon topics such as adaptation representation paratexts franchises and interactivity intersect throughout these essays proposing that the study of LEGO as a medium and a media empire is a rich vein barely touched upon in Media Studies *Song Sheets to Software* Elizabeth C.

**Deconstructing LEGO** Jonathan Rey Lee, 2020-09-08 This book investigates a paradox of creative yet scripted play how LEGO invites players to build freely with and within its highly structured ideologically laden toy system First this book considers theories and methods for deconstructing LEGO as a medium of bricolage the creative reassembly of already significant elements Then it pieces together readings of numerous LEGO sets advertisements videogames films and other media that show how LEGO constructs five ideologies of play construction play dramatic play digital play transmedia play and attachment play From suburban traffic patterns to architectural croissants from feminized mini doll bodies to toys to life stories from virtual construction to playful fan creations this book explores how the LEGO medium conveys ideological messages not by transmitting clear statements but by providing implicit instructions for how to reassemble meanings it had all along Toy Theory Seth Giddings, 2024-11-05 A novel interpretation of the history and theory of technology from the perspective of toys play and play objects Toy Theory addresses the relationships between toys and technology in two distinct

but overlapping ways first as underexamined cultural artifacts and behaviors with significant technical attributes and second as playful and toylike dimensions of technology at large Seth Giddings sets out a toy theory of technology that emphasizes the speculative experimental and noninstrumental in technological paradigms and argues that children's playthings rather than being the most ephemeral and inconsequential of technical devices instead offer analytical and anthropological resources for understanding the materiality and imaginaries of technology over time After defining toy theory in general and conceptual terms Giddings examines different types of toys to explore shifting relationships between the microcosmic symbolic or mimetic content material and technical constitution and modes of play of toys and toy related artifacts on the one hand and prevailing macrocosmic technological paradigms and imaginaries on the other Taking a broad historical and genealogical view Giddings traces contemporary postdigital toy and play culture to precedents from the neolithic through to the Enlightenment to consumer culture from the early nineteenth century to the present day

**Historyless** Conrad Riker, 101-01-01 You're not imagining it the world is broken The past has been erased Men are confused angry and powerless The West is collapsing and no one in power cares Why do men feel lost even when they follow all the rules Why is masculinity under attack while mediocrity is celebrated Why does every institution schools media government seem designed to destroy what's real This book reveals what's really happening beneath the surface of modern society How Marxism didn't die it evolved into cultural Marxism and now controls education media and law Why feminism isn't about equality but about female supremacy and the destruction of male identity The hidden psychological war that turns men into guilt-ridden responsibility avoidant boys How postmodernism weaponizes language to erase truth history and biological reality Why the Left treats men as problems to be managed not creators to be honored The dark alliance between feminist ideology and bureaucratic state power that infantilizes men How collectivist thinking destroys individual purpose legacy and lineage The real reason young men feel empty they've been cut off from history heroes and heritage If you want to understand how we got here reclaim your identity and rebuild a future worth living for buy this book today
