motor learning laboratory for your students      **Helping Children to Improve Their Gross Motor Skills** Rachel White, 2017-08-21 Help children with motor coordination difficulties to develop their gross motor skills in a fun way with this guided programme for children and young people aged 5-18. Activity worksheets provide detailed descriptions of how gross motor tasks can be accomplished through incremental stages culminating in the achievement of the specific task. The step-by-step programme is divided into two sections: learning basic skills which includes balance, jumping, climbing, skipping, ball skills, riding a bike, and more; developing specific sports skills which includes football, badminton, basketball, netball, tennis, bowling, and more. The Stepping Stones Curriculum will enable adults to chart the progress of a child and allow children to become engaged in mastering motor coordination skills. Supplementary aids such as warm-up and cool-down activity sheets, an initial assessment tool, and a certificate of achievement will help parents and professionals to deliver the programme effectively at home or at school.

**Understanding Motor Development in Children** David L. Gallahue, 1982      **Fine Motor Skills for Children with Down Syndrome** Maryanne Bruni, 2016 The popular book *Fine Motor Skills for Children with Down Syndrome* is now available in a completely revised third edition. The author, an occupational therapist and parent of an adult with Down syndrome, describes how the characteristics of Down syndrome can impact the acquisition and progression of fine motor skills. She presents a thorough overview of the building blocks of fine motor development from infancy through to adulthood: Early arm and hand control, Stability, Bilateral coordination, Sensation and Dexterity. Use the book's step-by-step activities to build daily living skills for home and school: Scissor skills, Pencil grasp development, Pre-printing, printing, Keyboard skills, Computer and Dressing, grooming and feeding skills. Throughout the book, the author suggests ways to incorporate fine motor skill development opportunities into as many day-to-day activities as possible, recognizing how impractical it is to constantly be in therapy mode with a child. Suggestions for gift ideas are offered in Grandma's and Grandpa's list at the end of each chapter. With expanded and updated information on fine motor skills and computer and personal electronic device use, keyboarding skills, postural support, sensory processing, and the adult years, readers will have at their fingertips a cornucopia of information and guidance to support the fine motor development of children and adults.
