2012 and the End of Institutional Evil Herbert Stollorz, 2008-09-17 2012 and the End of Institutional Evil is an edited digest of Herbert R Stollorz two books Apocalypse Prophesied and Mystery of Tammuz 17 Its 209 pages provide the core discoveries and reasoning found in the 1 000 pages of those two books A projected calendar of events describes the key players in the biblical Last Days Satan Antichrist and the Mahdi The books use science and mathematics to uncover extraordinary information in the Bible that theologians routinely miss This unique approach presents a revolutionary new way of looking at the universe The first book focused on God s Plan for Humanity from before time into eternity The second book detailed Herbert R Stollorz research methodology and thinking in an expanded discussion of the Last Days and the book of Revelation His third book Asteroid Answers to Ancient Calendar Mysteries presents a hypothesis that explains why confirmation to the dating of key events in Bible prophecy may be found in the calendars and clocks of ancient cultures located around the world It also explains other ancient mysteries by resolving apparent discrepancies between science and the Bible *Mystery of Tammuz 17* Herbert R. Stollorz, 2005-02-19 The Bible predicts the future but scholars widely disagree on what the Bible says How can the average person sort out fact from fiction Daniel 12 10 boldly states that the wise will understand prophetic chronology in the last days Have those days already begun Retired hi tech inventor and author Herbert R Stollorz discovered that the dates of many key events predicted in the books of Daniel and Revelation fall between the years 2008 and 2018 Two of the keys that unlocked this mystery are the Hebrew Alphabet Number System and the Jewish feast and fast days One of those fast days Tammuz 17 commemorates the fall of Jerusalem prior to the destruction of God s Temple in that ancient city **The Inner Cohesion Between the Bible and the Fathers in Byzantine**

Tradition Stefan Mattheus Royé, 2007 Throughout the rich history of Bible research and patrology a palet of different traditions has always existed One of these which is based on an abundant manuscript tradition of biblical and patristic interpretation is the tradition of the Eastern Orthodox Church In this book a liturgico codicological approach to the Byzantine biblical and patristic manuscripts is set out This approach offers a key to understanding the position of the biblical and patristic writings in the Eastern Orthodox Churches It stems from what is termed a liturgical hypothesis and implies the necessity of a thorough reclassification of the extant manuscripts Characteristic of the Orthodox approach are the anchoring of the biblical writings in the liturgy of the Church and the close connection between the Scriptures and the interpretative framework of the fathers Special attention is paid to setting out a path of codicological research that could redirect study of the Byzantine codices to a system that allows for a more inclusive picture of the original biotope in which the manuscripts were created and evolved Once inside this biotope the reasons for and choices behind the content and codex formation of the biblical and patristic manuscripts become apparent The Lutheran Witness ,1918 **North-western Christian**
