La Partage Du Sensible Estheacutetique Et Politique:

La partage du sensible Jacques Rancière, 2000-04-10 Au del des d bats sur la crise de l art ou la mort de l image qui rejouent l interminable sc ne de la fin des utopies le pr sent texte voudrait tablir quelques conditions d intelligibilit du lien qui noue esth tique et politique Il propose pour cela d en revenir l inscription premi re des pratiques artistiques dans le d coupage des temps et des espaces du visible et de l invisible de la parole et du bruit qui d finit la fois le lieu et l enjeu de la politique On peut alors distinguer des r gimes historiques des arts comme formes sp cifiques de ce rapport et renvoyer les sp culations sur le destin fatal ou glorieux de la modernit l analyse d une de ces formes On peut aussi comprendre comment un m me r gime de pens e fonde la proclamation de l autonomie de l art et son identification une forme de l exp rience collective Les arts ne pr tent aux entreprises de la domination ou de l mancipation que ce qu ils peuvent leur pr ter soit simplement ce qu ils ont de commun avec elles des positions et des mouvements des corps des fonctions de la parole des r partitions du visible et de l invisible

The Politics of Aesthetics Jacques Ranciere, 2006-06-23 Aiming to rethink the relation between art and politics this title seeks to reclaim aesthetics from its contemporary narrow confines to reveal its significance for contemporary experience It ranges across art and politics the uses and abuses of modernity the role of visual technologies and the relationship between history and fiction

Le partage du sensible Jacques Rancière, 2000 La multiplication des discours d non ant la crise de l art ou sa captation fatale par le discours la g n ralisation du spectacle ou la mort de l image indiquent assez que le terrain esth tique est aujourd hui celui o se poursuit une bataille qui porta hier sur les promesses de l mancipation et les illusions et d sillusions de l histoire

The Palgrave Handbook of Intermediality Jørgen Bruhn, Asun López-Varela Azcárate, Miriam de Paiva Vieira, 2023-12-01 This handbook provides an extensive overview of traditional and emerging research areas within the field of intermediality studies understood broadly as the study of interrelations among all forms of communicative media types including transmedial phenomena Section I offers accounts of the development of the field of intermediality its histories theories and methods Section II and III then explore intermedial facets of communication from ancient times until the 21st century with discussion on a wide range of cultural and geographical settings media types and topics by contributors from a diverse set of disciplines It concludes in Section IV with an emphasis on urgent societal issues that an intermedial perspective might help understand

Beckett and Badiou Andrew Gibson, 2007-01-11 Beckett and Badiou offers a provocative new reading of Samuel Beckett s work on the basis of a full critical account of the thought of Alain Badiou Badiou is the most eminent of contemporary French philosophers His devotion to Beckett s work has been lifelong Yet for Badiou philosophy must be integrally affirmative whilst Beckett apparently commits his art to a work of negation Beckett and Badiou explores the coherences contradictions and extreme complexities of the intellectual relationship between the two oeuvres It examines Badiou s philosophy of being the event truth and the subject and the importance of mathematics within his system It considers the major features of his politics ethics and aesthetics and provides an

explanation interpretation critique and radical revision of his work on Beckett It argues that once revised Badiou's version of Beckett offers an extraordinarily powerful tool for understanding his work Badiou and Beckett are instances of a vestigial or melancholic modernism that is in the teeth of a contemporary culture that dreams ever more ambitiously of plenitude they commit themselves to a rigorous concept of limit and intermittency Truth and value are occasional and rare It is seldom that the chance event arrives to disturb the inertia of the world For Badiou however it is the event and its consequences alone that matter Beckett rather insists on the common experience of intermittency as destitution His art is a series of limit figures exquisitely subtle and nuanced forms for a world whose state of seemingly rigid paralysis is also always volatile delicately balanced

Intermittency Andrew Gibson, 2011-12-15 Explores the concept of historical intermittency in 5 recent French philosophers Andrew Gibson engages with five recent and contemporary French philosophers Badiou Jambet Lardreau Françoise Proust and Rancière who each produce a post Hegelian philosophy of history founded on an assertion of the intermittency of historical value Gibson explores this anti schematics of historical reason and its implication for politics ethics and aesthetics in a wide range of modern intellectual contexts finding its necessary complement and most powerful expression in a wealth of modern art chiefly modern literature The result is a sustained reflection on the possible character of a contemporary philosophy of history and an important contribution to our knowledge of contemporary French philosophy

Confronting Universalities Mads Anders Baggesgaard, Jakob Ladegaard, 2011-07-15 The universe is expanding the world has gone global and the US has launched a crusade to export the universal right to democracy to every part of the world Under the circumstances it is hardly surprising that the concept of universality is making a remarkable comeback in aesthetic and political theory The meaning of the world however seems more contested than ever Some denounce it as the ideological guise of particular interests others as the conceptual equivalent of totalitarianism But a growing number maintain that universality is an indispensable notion for any genuinely critical aesthetics and politics Confronting Universalities consists of 12 contributors that examine how contemporary works of art in different media and genres influence shape or confront the political realm in both theory and practice by way of the universal The topics of the essays include depictions of German unification identity politics of aesthetic taste contemporary uses of van Gogh globalized photography the infamous Danish cartoons iconic architecture cinematic representations of migration the speeches of Nicolas Sarkozy and the interventions of contemporary art in the war in Afghanistan From various theoretical points of departure they all demonstrate the importance of the universal in the description of political aesthetic practice in a globalising world

Jacques Rancière Mark Robson, 2005 **Art and Life in Aestheticism** Kelly Comfort, 2008-01-23 Art for art's sake addresses the relationship between art and life between the aesthetic and the social and promotes the former term over the latter one in each instance Although it has long been argued that aestheticism aims to dehumanize art this volume seeks to consider the counterclaim that such dehumanization can also lead to rehumanization to a deepened relationship between

the aesthetic sphere and the world at large and between the artistic receptor and his or her human existence **Beyond Guernica and the Guggenheim** Zoë Bray, 2014 Art and politics are viewed from a comparative perspective in this book that goes from the Picasso's Guernica to the modern Bilbao Guggenheim **Feux croisés sur les pratiques en histoire des arts** Geneviève Di Rosa, Anne-Sophie Molinié, 2017-12-01 L'apprentissage de l'histoire des arts doit être articulé avec l'enseignement traditionnel même si cela demeure controversé. Comment l'histoire des arts peut-elle être vectrice d'un renouvellement des pratiques? Comment peut-elle faire fructifier les apports des didactiques de l'histoire et du français? Cette réflexion plusieurs voix est née de pratiques différentes. Théorie et expériences concrètes s'enrichissent mutuellement. Aux savoirs et contenus répondent des propositions méthodologiques et des innovations pour leur donner un sens Continuous Project #12 Seth Price, Continuous Project (Art collective), Modern Art Oxford, 2007 The latest in a series of facsimile appropriations, pamphlets, performances and interventions by the collective Continuous Project, this illustrated volume, the second in their institutional series, marks the occasion of the exhibition Seth Price, Kelley Walker, Continuous Project at Modern Art Oxford. Here the past becomes an episode of the present, part catalogue and part anthology of writings. Continuous Project 12 combines commissioned texts with historical reprints. Documenting the work of Seth Price and Kelley Walker with reproductions of their installation in Oxford, the book brings together new essays by Robert Hobbs and Jan Avgikos alongside contributions from curator Suzanne Cotter and religion scholar Joshua Dubler, in addition to historical documents **The Return of Religion and Other Myths** Maria Hlavajova, Sven Lütticken, Jill Winder, 2009 Series and the final part of a three-fold project organized by BAK under same title in which the popular assumption of the return of religion to the field of artistic practice and its discourses, the public sphere, contemporary politics and media in the West is interrogated as a constitutive myth of our current condition. Through a wide-ranging selection of texts, a group of artists, art historians and theorists, scholars of religion and sociologists unpack the historical underpinnings of religion's so-called return, art's long-standing relationship with iconoclasm and connection to religious representation, the manipulation of certain religious imagery in the mass media and contemporary art's potential to complicate and problematize commonly held beliefs about the role and potential of the image in today's world *The Extreme In-between* Anna-Louise Milne, 2006 Frequently referred to as the eminence grise of French literature in the interwar years, Jean Paulhan (1884-1968) was not just the editor responsible for giving writers as varied as Francis Ponge and Jean Paul Sartre their first start in the pages of the renowned *Nouvelle Revue Française*. He also produced a substantial body of work of astonishing eclecticism. From dense quasi-scientific texts on poetic language where his critical expertise in contemporary linguistics and psychology is abundantly apparent to enigmatic recits which often seem closer to prose poems than anything else, he explored and exploited a vast range of discourses and artistic practices from the Marquis de Sade's early works to Picasso's still lifes. Yet all his explorations were governed by a primary and unflinching concern to understand what literature owes society. In a series of tightly orchestrated

readings Anna Louise Milne brings to light the space he sought to carve out between the art for arts sake ethos and the subordination of art to political ends **Koo Jeong-A** Jeong-a Koo, Christine Macel, 2004 Xe biennale de Lyon Brooke Kellaway, 2009 *L'art social en France* Neil McWilliam, Catherine Méneux, Julie Ramos, 2014 Les vingt trois essais rassemblés dans cet ouvrage examinent les discours sur l'art social leurs origines idéologiques leurs tensions ainsi que l'histoire de la notion et le rôle qu'elle a pu jouer dans les pratiques artistiques Le désir d'intégrer les arts une transformation radicale des rapports sociaux et économiques inspire les théoriciens politiques les philosophes et les artistes en fait ceux là bien plus que ceux ci depuis l'époque des jacobins jusqu'à celle des anarchistes Une telle conception devient plus complexe sous la Troisième République où de nouvelles voix souvent attachées au maintien des hiérarchies existantes plaident pour une nouvelle version de l'art social plus même de prendre place dans la politique artistique de l'état même polymique et mouvante l'idée d'art social pose la question de la fonction de l'art dans une société post révolutionnaire industrielle et marchande et interroge l'autonomie et l'originalité supposées de l'art Elle a pesé d'un poids déterminant dans l'abolition des hiérarchies l'extension du concept d'art et le développement de l'éducation populaire dans des domaines aussi divers que la fête publique le logement social et les arts du décor dont le rôle parfois attribué aujourd'hui au designer porte l'héritage Sans prétendre puiser la question ni cerner une vision théorique de son évolution les contributions au présent ouvrage permettent de replacer l'idée d'art social dans la longue durée et de rendre couvrir les acteurs Page 4 of cover **MACBA Collection** Museu d'Art Contemporani (Barcelona, Spain), 2002 *Betrüba Werke von Paul Klee und Dieter Roth* **Balzac et le politique** Boris Lyon-Caen, 2007 **Environment and Planning**, 2005
